### The 2019-2020 Annual Report of Giving

The Annual Report of Giving gratefully acknowledges all gifts made to The Kiski School in Fiscal Year 2020.

**Please note:** Many photos enclosed in this issue were taken before mask and social-distancing standards were adopted. Also, this fall we suspended the coat and tie dress code requirement in accordance with best practices since those items are not washed regularly.

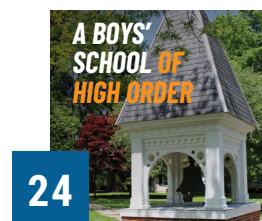

### [A Virtual Commencement](#)

The Class of 2020 completed its senior year online after the school adopted a virtual format following spring break.

### [ONE Kiski](#)

Our plan to blend in-person learning in a boarding school environment—that lends itself well to “bubble” safety protocols—with remote learners, allowed us to open campus this fall.

### [A Boys' School of High Order](#)

Kiski announces its 2020 Strategic Plan as it continues a commitment to ongoing introspection and progress.

### [An Enhanced Emphasis on Diversity and Inclusion](#)

At Kiski, the diversity of our student body has and will always be a celebrated strength.

### [Supercharging Kiski's Alumni Network](#)

We are proud to introduce a new Kiski-branded alumni networking platform to build and strengthen ties within our community.

### [The Advantages of a Boarding School Library](#)

The John A. Pidgeon Library is the academic hub of campus and so much more. Our boys have all-day access to its resources and staff for scholarly guidance.

# Progress and Growth, Even in Times of Crisis

**DEAR ALUMNI AND FRIENDS,** in last year's Bulletin, my letter focused on Kiski's tuition reset plan. Launched in October 2019, this new initiative lowered our tuition to be 20% less than the average cost at peer boarding schools. The reset was an unqualified success, producing a dramatic increase in inquiries and applications. As of early January, projections based on historic yield rates indicated that we were on course for a record opening enrollment for the 2020-21 school year.

And then, COVID-19 struck.

We sent the boys home for spring break in early March. Just a few weeks later, we announced that classes would be delivered online starting in April, with students working from home for the rest of the year. Our remote-learning program earned strong reviews, thanks in large part to the impressive adaptability of our students, their families, and the extraordinary efforts of our teachers.

As we began developing our reopening plan for September, we recognized that some of our students wouldn't be able to return right away due to travel

restrictions. We also knew that some parents wouldn't want their sons to be away from home during the pandemic. Aiming to keep all of our students engaged and enrolled until they could all join us on campus, we developed a single integrated program called *ONE Kiski* to allow both in-person and online learning to happen simultaneously and seamlessly. The program was positively received by parents since it offered them maximum flexibility in deciding when and how their son would return to school, ensuring an uninterrupted educational experience in the meantime.

In early September, we opened the new school year with an enrollment of 172 students with 80% on campus and the rest studying remotely. We had six months without boys here and their return brought unique joy and enthusiasm that had been absent for too long. Our comprehensive Health & Safety Plan, which goes above and beyond CDC guidelines, has kept everyone well in an environment that limits outside exposure. The rapid-testing program we developed has allowed for safe athletic competition

this fall. Masks and social-distancing notwithstanding, the school year continues to unfold positively and productively.

As much as daily operations have been running smoothly, COVID-19 has created some real financial challenges for Kiski this year. Summer programs, which are normally a major source of revenue, were canceled. Like all boarding schools and colleges, we've experienced a drop in enrollment and, at the same time, we've seen an increase in tuition aid as a result of financial stress on families. Taken together, these factors have created a significant financial gap, one that we are working to resolve with the help and support of those who have a special place in their heart for our school.

Recognizing that planning for the future is always necessary, even during a pandemic, we distributed our latest Strategic Plan last month, *A Boys' School of High Order*. The title is a tribute to Kiski's founder, Andrew Wilson. In Kiski's first catalog, printed in 1888, Dr. Wilson stated that his goal was to establish "a boys' school of high order that would prepare graduates to enter any American

*"There are certainly some challenges on the horizon for this year. And yet, as always, with those challenges come new opportunities for growth and success."*

college or scientific school." In the interceding 132 years, our school has grown and changed in remarkable ways. Our new plan outlines an ambitious vision for Kiski's future. With your backing, we will continue our growth, undeterred by the global health crisis.

A key part of this deliberate growth began in early 2020 with a comprehensive review of campus culture. Like the tuition reset that preceded the economic strain caused by the pandemic, the development of a Diversity Action Plan proved serendipitous. Candid conversations with students, parents, and alumni supplied us with valuable insights well before similar conversations were happening with greater intensity across the nation.

Armed with broader perspectives, we published our Diversity Action Plan in August. The plan contains words that have been politicized to a degree that can obscure their meanings. In our setting, we use "anti-racist" in the same way we do "anti-bullying." That is, it's not enough not to bully others; our expectation is that if you see someone being bullied, you will stand up and speak out. So too with

racism. That ideal is altogether consistent with the principles and values that have always guided Kiski and a noble standard to which we should hold all members of our school community.

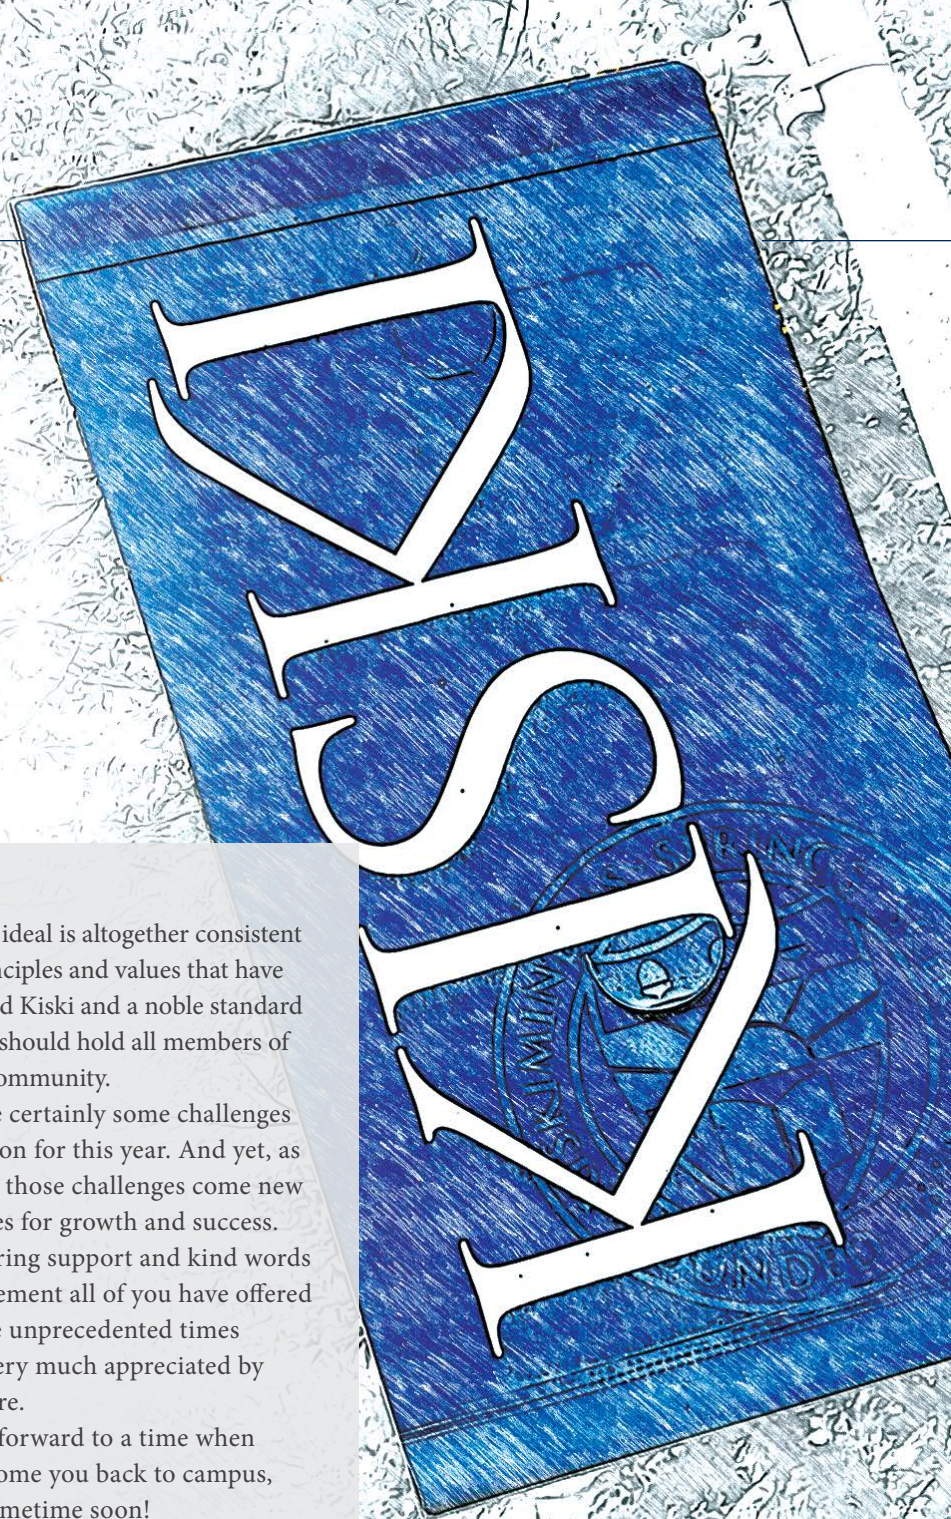

There are certainly some challenges on the horizon for this year. And yet, as always, with those challenges come new opportunities for growth and success. The unwavering support and kind words of encouragement all of you have offered during these unprecedented times have been very much appreciated by everyone here.

We look forward to a time when we can welcome you back to campus, hopefully sometime soon!

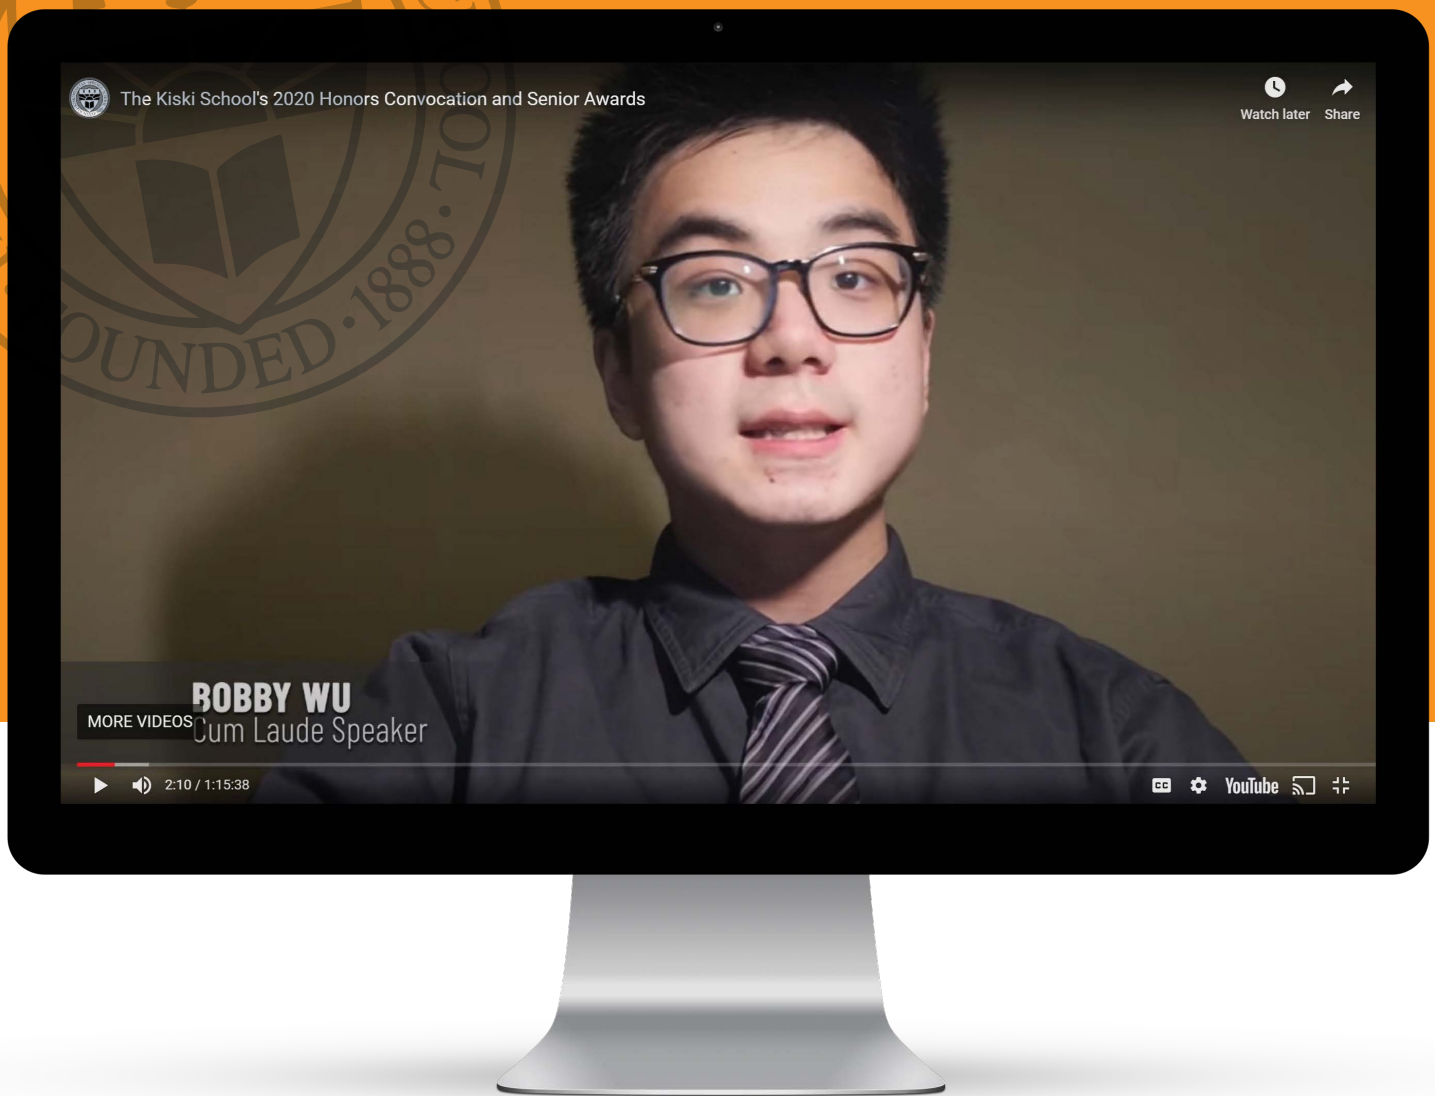

With all good wishes,

Chris Brueningsen  
Head of School

# 132 YEARS OF COMMENCEMENT TRADITIONS

Kiski's end-of-year activities were moved online in order to celebrate the Class of 2020 virtually until we can safely welcome them back to campus for a more traditional closing during the spring of 2021. Speakers recorded their remarks separately. Dr. Olear put together a video that was shared via our website.

## HONORS CONVOCATION AND SENIOR AWARDS CEREMONY

Cum Laude Speaker, **Haotian Wu '20**, opened the first of our two virtual ceremonies. He focused on the journey he shared with the Kiski community that led the group to and through the challenges of the final weeks of remote learning. Haotian, sharing his recording from his home in China, spoke fondly of overcoming language barriers during the summer session before the start of his first Kiski year. He acknowledged he has come a long way from accidentally signing up for American football while thinking he was going to join the soccer team.

Ultimately, he credited the full community for helping him to adjust. "Together, we have formed countless discussion groups, finished hundreds of group projects, completed all kinds of Spanish conversations, spent days and hours in the library studying, and also just hanging out, or talking, or playing video games," he said.

Learning Center Director, and parent of both **T.J. '18** and **Christian '20**, **Mrs. Darcie Spahn** pondered the concept of life being a gigantic jigsaw puzzle that needs to be solved. "Some puzzles—the best ones—take a lifetime to construct," Mrs. Spahn stated. She echoed a sentiment shared by many Kiski faculty members, that "perseverance is something that is instilled in every Kiski student, as they move on their different paths." She advised the boys to continue improving their strategies for solving puzzles they will encounter, and to keep avoiding approaches that include procrastinating.

The CEO for the Fund for Advancement of Minorities through Education (FAME), **Mr. Darryl Wiley**, offered his own advice to the Class of 2020, while recognizing the senior FAME Scholars – Kiski Boys that received tuition assistance from FAME. His inspirational guidance touched on six themes: listen to your parents, trust your genius, there is no substitute for hard work, love on those closest to you, remember the values and all that you learned at FAME, and find the opportunity in this crisis.

The final speaker was, **Mr. James Perry**, who was departing after 11 years of service to Kiski in multiple roles. The multitasking Mr. Perry may have been best known as the head coach for Kiski's football team. Coach Perry drew from that experience to share football metaphors and pass along his "gems" and "nuggets" to the viewers.

He emphasized the importance of preparation by stating, "If you fail to prepare, to perform at a high level during the week, you will not be able to perform at a high level on game day. This axiom, you will find, applies to every facet of your life."

Similarly, he cautioned against apathy concerning perceptions of your own talent. "Effort takes no talent. You can perform at the highest levels as long as you are willing to put forth the highest level of effort," he bellowed in a tone he used to capture the attention of locker rooms and classrooms full of teenage boys during his Kiski career.

His parting advice highlighted perhaps the biggest advantage of learning in a boarding school environment. "Don't ignore the lessons learned on bus rides, in the schoolyards, at the kitchen table, at formal dinner. All of your learning here at Kiski and beyond will not take place in a classroom," he remarked.

Many Kiski Boys were recognized individually with awards for applying a mixture of their own talents and efforts. They were all dared to contemplate their own experiences, strategies, and circumstances by the enlightening collection of speakers.

# KISKI'S 132<sup>ND</sup> COMMENCEMENT CEREMONY

The Paradise Hall bell rang 20 times to announce the start of a unique commencement ceremony. The rite is usually held in the Yukevich Quadrangle. Occasionally, weather forces the gathering of Kiski Boys, their families, and friends inside. This year, the tradition was moved to a virtual environment.

Kiski families honored their graduates with small in-home viewing parties. Graduation ties, typically distributed to the seniors during a breakfast before graduation, were distributed before the boys left campus. Diplomas and other awards were mailed before graduation.

Head Prefect and Class Speaker, **Patrick Jacob '20**, offered a solution to a challenge caused by the virtual setting. "I am going to pause in my speech whenever I think I said something funny because

I'm sure you're going to be laughing," he joked. Patrick was known for sharing a groan-inducing witticism during each of his morning meeting addresses.

Patrick reflected on some of his fondest memories that included the boisterous celebration following the announcement of two Kiski Boys acceptances into their dream schools during a prefect meal at the Head of School's house. "The roars that happened when **Tony Wang ['19]** got into U-Penn could be heard at summer camp hill. They were even louder when **Brayant Garcia ['19]** got into Harvard," Patrick reflected.

The President of Kiski's Board of Trustees, **Mr. John Jacob '89**, spoke of how the current class will join other unique classes from Kiski's history. Before introducing the parent speaker, he said,

"although this will be a talking point for you for the remainder of your lives, I would suggest, like those before and those that will come after you, that your unique pandemic period of time will not define you, and will be simply a profound talking point."

**Mrs. Monica Tillman**, mother of **Micah '20**, echoed those thoughts sharing, "this class will truly go down in history as young men who triumphed in spite of adversity they faced." She framed the moment by complimenting the ability of the School and its students to move from a brick and mortar structure to a virtual learning environment.

She also shared recollections of conversations with her son from each year that he attended Kiski. The comment she recalled from Micah's sophomore year was

especially amusing, “Mom, your hormones and my hormones are clashing. I like [Assistant Athletic Director and Ethics and Personal Development Department instructor] **Mrs. Muster** because she’s teaching me to deal with you.”

Her memory of a conversation during the spring of 2020 carried a deeper message. “Mom, you can stop worrying about me. You and Dad raised me right. I’m not a little kid anymore. I’m glad I went to Kiski. Kiski was the place for me. I’m ready to go away to college. I’m prepared. I want the chance to live life and make my own choices,” Mrs. Tillman recalled.

Typically, graduates are called to the stage to receive their diplomas following the Parent Speaker’s remarks. This year, a slideshow of photos was played for each boy after his name was read by **Associate Head of School Mark Novom**.

Once the last name was read, Valedictorian **J.P. Souzzi '20** shared his reflections on the current situation.

“No matter how much we wished things were different, the outcome isn’t going to change. In a world where everything seems out of our control, we have to latch on to what we can control, our outlook,” he said. He closed with a challenge. “My fellow classmates, I ask you not to let our last meeting be that day before spring break. Don’t let this Kiski brotherhood sink to the back of our minds until it is just a memory. Let’s make an effort to see each other again,” J.P. stated.

**Head of School Chris Brueningsen** closed the program by offering his praise of the Kiski Boys. “Under tough circumstances, you transitioned to learning online, and we all made the best of an imperfect hand that was dealt to us,” he reflected.

He concluded with a message of hope for the Class of 2020 and Generation-Z as a whole. “Even beyond COVID-19, the challenges facing your generation are big and urgent. Securing peace in a time

of global conflict, bringing stability to a troubled world economy, finding cures for cancer and developing projects that will save the planet. You should probably get to work on all of that. Not right now, but sometime soon. More than any time in recent history, we need a heroic generation to lead us. A real measure of a generation’s strength is how they come together to master the challenges of their time,” he said.

We can look forward to the Class of 2020’s many returns, and updates concerning how they are confronting the trials of this era. In the short term, the virtual ceremony offered an opportunity to call the class together from all corners of the world and remind them that although their most recent departure from campus was abrupt and jarring, Kiski will forever be their home. Their returns will always be welcomed and celebrated occasions. They will always be Kiski Boys.

# FALL 2019 SPORTS

## // CROSS COUNTRY

“Our season had some ups and downs, but overall it was a good productive season,” summarized **Head Coach Greg Forsythe**. “Throughout the season, I saw improvement.” The Cougars placed the highest of their campaign during the closing meet, ranking fifth out of thirteen teams in the single-A division.

“We were coming together, combining our seasoned leadership with the new-bloods. It’s my belief that with the new-bloods coming back next year to lead the team further, the team will be able to reach even higher heights,” shared Forsythe.

The coach praised the team’s senior captains: **Ryan Pettes**, **Corben Kohut** and **Gaheris Kohut** for surpassing his expectations of them as leaders and motivators. The three shared Coaches’ Award honors. Corben Kohut deflected the attention to his teammates saying, “my favorite part of this team was the van rides to the meets, because we would all just get ready for the race and bust each other up. As much as cross country as a sport is overbearing physically and mentally it gave me some life-long lessons, friendships, and a different perspective being able to play a different sport other than baseball.”

## // GOLF

Varsity Golf maintained its dual match winning streak that started back in 2017, finishing 9-0 in that format. The Cougars added four tournament wins, including the Interstate Prep School League Championship for the first time since 2013. They won the Westmoreland County Coaches Association Small School Tournament trophy for the seventh straight year, the Wheeling Cup Invitational at Sunnehanna for the second straight year and the Sinking Valley Invitational Tournament.

“From the very start, everyone was playing better than last year, and I had really high hopes,” **Head Coach Mark Orsatti** recalled. He also pointed to the unparalleled pre-season training the team enjoyed as a catapult to their success. **Jim Saitta '83** invited the boys to play at South Hills Country Club. **Russ Swank '67** treated the team to a special day at Oakmont Country Club. The boys were also invited to play at the Pikewood National Golf Club and Bedford Springs.

With a solid foundation in place, Kiski’s superior depth led to an exceptional season. Fewer than eight strokes separated the average score for the number one and number ten players. “Each of our top five guys claimed the medalist honors at least once,” Orsatti boasted.

One of those top players, **Patrick Jacob '20**, challenged the returners to keep their winning streaks alive and, “continue to play some Billy Joel in the vans after some nice wins.”

## // FOOTBALL

Varsity Football completed another fantastic season with a 6-2 record. During the fall sports awards ceremony, **Head Coach Jim Perry** specifically acknowledged his “four-year-freaks” that compiled a record of 26-7 during their Kiski careers. He listed off the names of recent graduates that left their marks on the current seniors, acknowledging an unbroken chain of leadership. He challenged the returning boys to continue their tradition of success on and off the field.

Coach Perry also credited **Line Coach Frank Cignetti Sr.** for limiting opponents to two sacks that weren't attributable to bad snaps. Referencing quarterback **Ryne Wallace's '20** comfort in the pocket, Coach Perry remarked, “now he's back there ordering pizza, because he's got time.”

Cougar grit was another defining feature highlighted by Coach Perry. He praised boys who played with nagging

injuries like **Jahmeir Adderley '20**, who played running back with broken fingers, blocking, carrying without fumbling, and scoring a pivotal touchdown.

Linebackers and defensive ends **Micah Tillman '20** and **Chris Rubino '20** shared defensive Most Valuable Player

honors. The equivalent offensive award was shared by running backs **Cato Legaspi '21** and **Princeton Douglass '20**. **Amani Clark-Bey '22** garnered the Most Improved Player Award.

## // SOCCER

Before the Varsity Soccer team began the state playoffs as the 4-seed, **Head Coach Jonty Loukes** shared his prediction at the fall sports awards ceremony saying, “from the moment I saw the team come together on the bus trip back from Wilmington (preseason), I knew this team has the crucial team bond that it takes to win the state championship.” His team met that expectation by capturing the program’s first-ever Pennsylvania Independent Schools Athletic Association Championship.

An injury-riddled 12-6-2 regular season sidelined key players, including their adept leader and Coaches Award winner **Luca Venditti ’20**. **Max Mears ’20** earned the Most Improved Player Award for his part in filling injury voids.

The Cougars pressed on, never losing a game in which they led, and coming from behind to win or tie five times.

Key lessons were learned along the way. “The loss against South Kent showed us that no matter how good we thought we were, we were not good enough to

take plays off,” said Loukes.

The regular season finale loss to South Kent also led to a pivotal change to Loukes’ approach for the remainder of the season. After seeing that Kiski’s best defense was a relentless attack, “from that point on we pressed teams high and attacked with numbers,” Loukes recounted. Kiski shut out every playoff opponent but the top-seeded Hill School on the way to capturing the title.

After defeating Hill on penalty kicks in the semifinals, the third-seeded Haverford School essentially hosted Kiski

on the eastern side of the state for the final. However, an anonymous alumnus paid for busses to shuttle the Kiski Boys to Immaculata University, and they cheered themselves hoarse.

A tense game was live streamed to alumni, parents, and friends watching from all over the world. When **Ben Feinstein ’23** tallied the first score of the game, the pressure was momentarily lifted for a jubilant celebration. After **Simón Fernandez ’20** added a second goal in the waning minutes of the game, it seemed the outcome was sealed as goalie **Gabriel Matos ’21** and the nearly impenetrable Cougar defense preserved another shutout.

The injury-depleted underdogs triumphed, just as their coach predicted, in a hostile and distant road environment. Players and the brothers that traveled across the state to support them hugged and lifted each other off the turf.

“Throughout the season, every player played a role in the state championship, and every contribution was just as important, no matter how big or small it was,” summarized Loukes.

“Although we had big fallbacks, this only makes our season even more of a success as we adapted,” said Most Valuable Player Award winner, **Mark Shoebridge ’20**. “To the rising seniors, it’s up to you to step up and carry this team all the way. You have to lead by example and set the bar high for the newcomers,” he concluded.

# WINTER 2020 SPORTS

## // HOCKEY

The Varsity Hockey team faced a more competitive schedule in a 6-12 slate. **Head Coach Chris Spahn** was impressed by how well they fought through the growing pains saying, “There was only one game this year that I thought that we didn’t give our all. And I went around the room and asked each player if they thought they gave their all or if they were feeling sorry for themselves. I was pleased that the boys gave honest answers, but I was more proud of the fact that never again did I have to ask them if they gave their all in a game.”

Even in a tough year, the Cougars compiled a highlight reel of unforgettable memories recalled Captain **Patrick Jacob** ’20. “One of the best parts of the season came from our second game against Linsly. **Griffin Hill** [’21 Kiski’s Most Improved Player Award winner] got the puck on a 2-on-1, and he walks into the zone, looks off the defender because he is not going to pass on this opportunity and then fires a shot. According to Griffin, his eyes were closed whenever he shot it, so he had no idea that it went in. I am telling you, that this goal was the most perfect goal anybody could ever think of for their first career goal for a team.”

**Dillon Berezansky** ’20 earned the Coaches Award because of his upbeat personality and position versatility.

↑ Goalie Patrick Jacob warms up between the pipes.

## // SWIMMING

At a small boarding school, it is important that every boy participates in athletics, which leads to opportunities to try new sports. Playing time is abundant, even when experience is not. Of the 13 swimming letter winners, only four swam for Kiski before, and only about half had any history of swimming competitively. The swimmers took advantage of their opportunities. “You saw several athletes, not just one or two, but several athletes cut tens of seconds off their 100 [yard race distances]. We have several athletes who cut several minutes off of their events. This growth came from bravery. It is really easy to go and perform and do something you’ve done, but a lot of the boys this year had never done anything like this before,” said **Head Coach Josh Sunday**.

Coach Sunday recognized two swimmers that embodied this theme. He presented the Rookie of the Year Award to **Anthony Wang** ’22 who became the team’s top backstroker by the end of the year. **Timothy Allsouse** ’22 earned the Most Improved Player Award because of his commitment to bettering himself by seeking critiques after each of his races.

“Starting swimming is possibly the easiest task ever, you just need to get in the water and float. However, for the competitive aspect of swimming, it is a deeply personal involvement of self-improvement and continuous effort,” summarized **Captain Alex Stewart** ’20.

↑ Coach Sunday looks on as his swimmers prepare for a meet at Linsly.

## // BASKETBALL

The Varsity Basketball team's tenacity was tested early and often. The boys had to overcome late losses twice in tournaments, and rise early the next morning to defeat their next opponents. First, they lost to The Hill School in overtime of Hill's tournament but toppled The Peddie School in the consolation final. In the Midwest Classic, they battled back to take the lead after trailing by 23 points early against Don Bosco Prep. They eventually dropped that contest but drubbed a strong St. Michael's College School by 53 points the next morning.

**Head Coach Damien Williams** attributed their cohesive play to their boarding school environment. "The biggest advantage that our boys have is the camaraderie and togetherness they have

before the season even starts," Williams concluded. "Most of the boys spend the entire fall in the weight room and on the court becoming stronger together and building a very tight bond."

Kiski battled onward earning an opportunity to host its first playoff game in six years by beating The Phelps School in the final game of the regular season. Hoag Gymnasium was alive with excitement as Kiski triumphed over Shipley in the first round. The Cougars fell in the next round, completing the season with a 13-11 record.

Although its talented seniors are moving on, including Coaches' Award honorees **Stephen Watson** and **Xavier Lyons**, Kiski has a bright future. Eight varsity players will return, including Most Valuable Player, **Christopher**

↑ Chris Moncrief '22 completes a fast break for an easy bucket.

**Moncrief '22** and Most Improved Player, **Ewaen Osunde '21**, who may be ready for a bigger role. "He could be a starter, but his play off the bench and ability to enter the game and score immediately was key to our success," shared Williams.

## // WRESTLING

**Head Coach Joe Ross** possesses a remarkable ability to lead young teams, guiding boys with little or no wrestling experience to greatness. **Chris Rubino '20** makes a fine example of this talent. After wrestling for Coach Ross for only two years, the Most Improved Player Award-winner qualified for Nationals in the 285-pound weight class.

Rubino was joined at the prestigious national tournament by two promising freshmen: winner of the Most Valuable Player Award **Sulayman Bah** in the 113-pound weight class, and **Corbin Johnston** on the 182-pound level. "As a freshman [Johnston] went 2-2 [at the national tournament]. I believe that's outstanding," remarked Ross.

The boys made up for their lack in depth with exceptional resiliency that Coach Ross honed with demanding training sessions. The boys were responsible for pushing each other through grueling practice bouts that prepared them for competition on the highest levels.

*"I realized that I may not be the best wrestler on the team, but I do not give up. We did not give up!"*

—Karl Kapadia '20

**Karl Kapadia '20** reflected on that concept when proudly recounting his three-year career saying, "I realized that I may not be the best wrestler on the team, but I do not give up. And that is what represents our team. We did not give up!"

Bah and Johnston will lead a more experienced squad, along with budding talents like Coaches' Award winner **Antonio DiLascio '21**, when the Cougars return to the mat this season.

## // SPRING & FALL 2020 SPORTS

Our spring sports were sadly canceled when it was determined that our boys could not return to campus following spring break. However, our fall sports were able to resume. Kiski was in a unique situation that allowed us to attempt a fall slate of sports.

The golf and cross country teams employed social distancing measures to enable competition. Golfers stayed in foursomes consisting of their teammates and used the honors system for scoring, rather than mixing foursomes with other schools. Meanwhile, cross country competed in heats by school to limit interaction between programs.

Our contact sports used a "bubble" system with protocols similar to the ones professional sports used. Kiski limited soccer and football opponents to boarding schools employing the same strict testing measures.

# Kiski Seniors Attend Artificial Intelligence Conference in Singapore

By James Moore Jr. '71 | Founder and CEO, Washington Institute for Business, Government & Society

**DESPITE THE ISOLATION OF KISKI**, high on a bluff overlooking its namesake river, the School is anything but removed from the world around it. Students today are being prepared for a world that is more interconnected globally and technologically than ever before, which will challenge them throughout their lives and careers.

That is why Carlos Rosales and I were so proud to join together to sponsor a competition among Kiski seniors to address, by essay, the subject of ethical artificial intelligence. There are few subjects more daunting or compelling. Six students were finalists with four essays chosen by Kiski faculty to submit to an international panel of AI experts. The two winners were

Grant Lumley and J.P. Suozzi. The prize was to attend a global conference on AI in Singapore, all expenses paid.

As an alumnus and a Kiski board member for almost 40 years, I could not have been prouder of those two boys. Accompanied by Kiski faculty member, Josh Sunday, they represented the very best of our School, introduced and praised before the international audience of AI scholars and practitioners. In addition, they had the chance to explore modern Singapore. Not only was it terrific to expose those boys to a new world, but it was a delight to expose that elite audience to the wonders of Kiski. 🇺🇸

# ***Kiski's Response to COVID-19 and How We Move Forward as***

# KISKI

*This spring, the world was turned upside down as the global health crisis spread and disrupted many interactions we may have taken for granted, including in-person education. As we approached spring break, we optimistically planned for a return. Luckily, our break provided a buffer and some time to think about our next moves.*

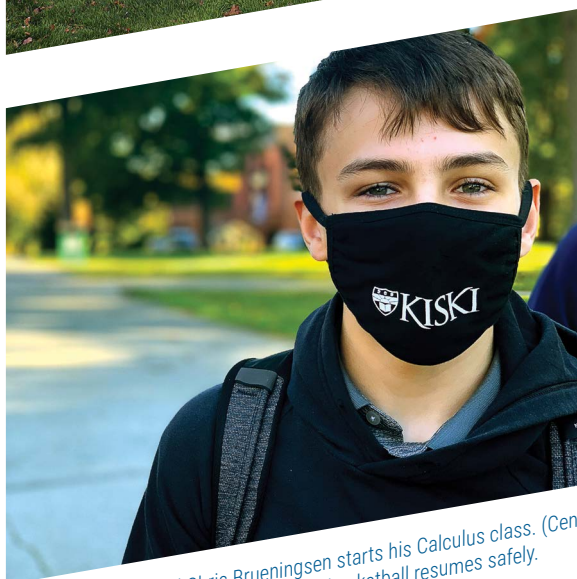

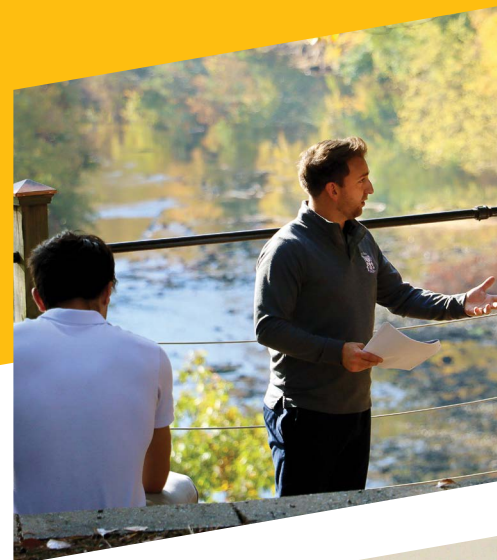

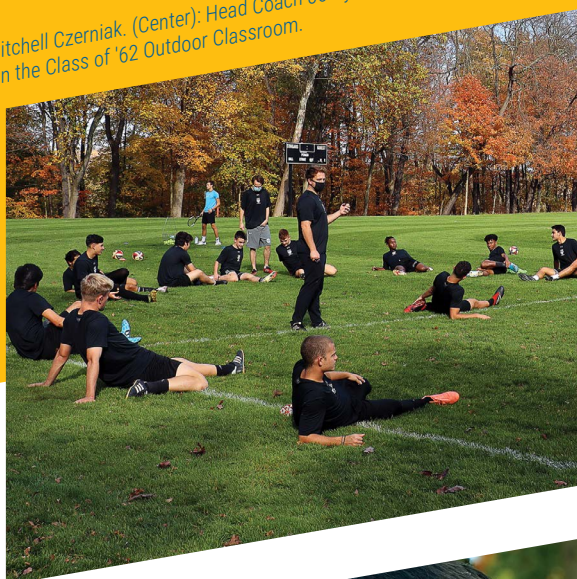

As things escalated, it became evident that a return to campus for the fourth quarter of the 2019–2020 school year was not possible. Our administration and faculty leapt into action to implement an impactful online program that would allow us to strongly finish the year. Utilizing video-conferencing software, our faculty were able to pick up where they left off before the break. We learned valuable lessons and rose to meet the challenges that came at a daily pace, which would begin to inform our plans for the future.

In the spring, we began planning for the new school year, considering our options for offering in-person classes while at the same time accommodating students who would need to learn remotely to start the year. The plan we announced in late May remained unchanged through the start of the new year in September. “ONE Kiski” would become our mantra and the plan would carry the same name.

Our ONE Kiski initiative allowed the choice of whether or not to return to campus to be solely in the hands of our families. The boys that were willing and able returned to campus for in-person classes and the full Kiski experience. Boys who faced travel restrictions or other limitations stayed home to start the school year with a robust virtual platform available until they could return to campus. Unlike other online programs, Kiski’s unique approach allowed both groups of boys to take the same class at the same time. Each classroom was outfitted with a webcam,

(Left): Eli Fontanez '24 has his temperature checked by Mitchell Czerniak. (Center): Head Coach Jonty Loukes addresses the reigning soccer champions. (Right): Mr. Loukes teaches in the Class of '62 Outdoor Classroom.

extra monitors, microphones, and other tech in order for each faculty member to use Zoom (a video-conferencing platform) to stream their classes to the boys at home and those physically attending in the classroom simultaneously.

Of course, the return to the classroom presented several challenges beyond connecting the boys virtually. However, our unique school structure delivered many advantages that helped to make a return possible. Our boarding school environment provided us the opportunity to keep the students on campus, which combined with our rural location, meant that we could gate our community and reduce outside influence. Our class sizes were already small and that meant our existing spaces were already large enough to accommodate social distancing best practices. To help further mitigate any risk, we became a certified testing lab that allowed us to screen students and faculty for COVID-19, returning results within 15 minutes. These testing abilities came

at a significant cost, but afforded the ability to return safely to the classroom and athletic competition. Likeminded approaches by peer boarding schools allowed us to mirror a “bubble” concept adopted by professional sports leagues. With each of the competing schools following a strict testing policy in an isolated boarding school environment, athletic competition can occur at reduced risk to student-athletes and staff.

Though our situation evolves on a daily basis, our community continues to shine through innovation and the application of time-tested Kiski grit. Thank you for your unwavering commitment to our mission during this time. We extend specific thanks to our families, both old and new, for trusting us with the education of their sons and working closely with us to advance Kiski through this health crisis. Together, we remain and move forward as ONE Kiski. 🍀

# THE KISKI SCHOOL

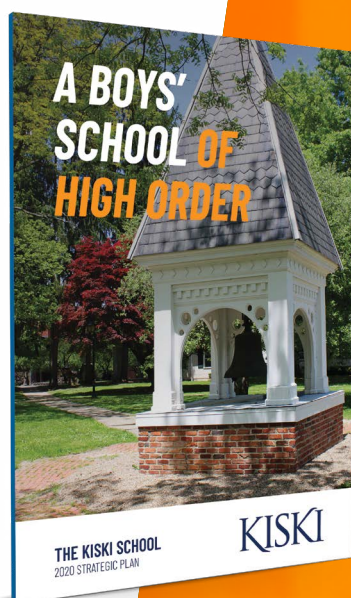

## 2020 STRATEGIC PLAN

### KISKI HAS MADE A COMMITMENT TO GROWTH

through the use of periodic introspection, strategic planning, and the development of measurable goals. Every five years, the school releases a comprehensive strategic plan with an overarching goal of moving Kiski forward. “As is often the case with an exercise like this, the planning process itself was just as valuable as the final document. I’m very grateful to all the people who contributed their ideas and feedback as the plan came together, which allowed us to produce a coherent and unified vision for Kiski’s future,” said Kiski **Head of School Chris Brueningsen**.

“The results of executing prior strategic planning have been monumental to the advancement of Kiski. As a board, we are most enthused to further simplify what is needed to build upon the School’s success and assist the administration in implementing the same,” added **Chairman of the Board of Trustees John Jacob ’89**.

The title of our current strategic plan, *A Boys’ School of High Order*, is a tribute to Kiski’s founder, **Dr. Andrew Wilson**. Upon establishing Kiski in 1888, he shared that his goal was to create “a boys’ school of high order that would prepare graduates to enter any American college or scientific school.” The full strategic plan is available online and includes an outline for advancing the following aspects of the life-changing Kiski experience: Innovation and Excellence, Connections and Support, and Progress and Growth. Each section includes well-defined initiatives that will take Kiski forward. ♣

## OUR MISSION

*To prepare young men to succeed in college and in life.*

# Kiski Releases Diversity, Equity, and Inclusion Action Plan

By **Mark Novom**, Associate Head of School & **Carla Ross**, Director of Equity and Inclusion

**IN THE MIDDLE OF AUGUST**, Mr. Brueningsen shared Kiski's new Diversity, Equity, and Inclusion Action Plan with the school community and alumni. We believe that it's a starting point for ongoing dialogues that need to occur on these important issues.

Kiski has always been a diverse community, and more than ever we feel strongly that we must provide opportunities for students and faculty to talk about issues of equity and inclusivity. These conversations actually started early during the last school year when the Head of School and other members of the administration met with our African-American students and their parents to listen to what they had to say about their experiences here at Kiski. These conversations were enlightening, but also illuminated for us that there was still work to be done. This work was to continue throughout the late winter and spring of 2020, but once the pandemic hit these plans were obviously postponed.

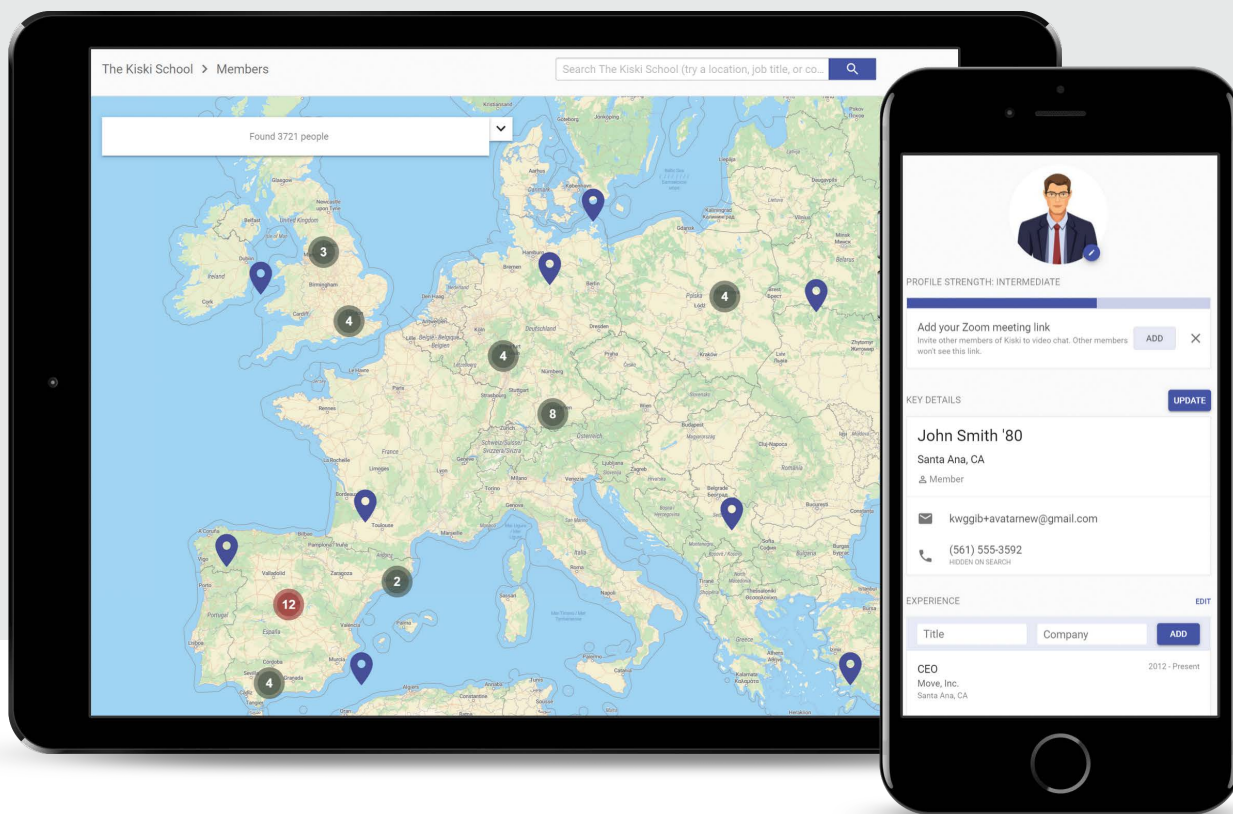

During the summer, our faculty and staff were involved in a number of virtual seminars with **Mr. Malcolm Thomas**, the Program Director for Reaching Black Male Mentoring and Manhood Development in Pittsburgh. The objective of these seminars, which will continue throughout the school year, is to identify our unconscious bias we may have and to introduce a

stage model for substantiating the caring relationship between teachers and students. These seminars have offered invaluable lessons to our faculty and staff and will undoubtedly have long lasting and positive effects on the Kiski community.

The Diversity, Equity, and Inclusion Action Plan memorializes Kiski's commitment to being a campus community dedicated to anti-racism. It's an important step that sets forth tangible initiatives and measurable goals meant to support a broad vision for diversity and inclusion at Kiski. We are proud of the work of the Diversity Committee and the Board of Trustees has done in helping to develop this Action Plan.

We have already started the process of meeting with students both in-person and virtually to ensure that we are listening and understanding their needs. As the school year moves forward, our students will have further opportunities to engage, discuss, and learn about each other's cultures, backgrounds, and traditions through programs such as The Culture Pot, and Father's Circle, and through everyday interactions and conversations.

We are excited for the essential conversations that will develop because of the Action Plan and dedication to anti-racism. You can find the full Diversity, Equity and Inclusion Action Plan on the Kiski website at [bit.ly/KiskiDiversity](https://bit.ly/KiskiDiversity). ♦

The jobs board feature allows users to post job opportunities within the network to the trusted Kiski community or find opportunities for themselves. You can also submit class notes so we can share your updates. We ask that alumni keep their own info up-to-date, whether that is contact info or what teams or clubs they participated in while at Kiski. Ideally, we will be able to add group specific features, for example, custom email lists for wrestling alumni to share team specific updates. As more alumni become active

on the platform, we can look forward to adding and expanding its capabilities and impact on the Kiski Alumni Network.

Class Captains have been test-driving the new platform and finding it very helpful. "Wavelength is super useful. It does not seem difficult to use or update, which is always a risk when asking people to create an account on yet another network. The ability to create maps of nearby alumni is incredibly interesting, and the data health tools make it easier to keep contact info updated," said **Class Captain John Zang '09**.

Our hope is that this will be used to rekindle connections, share memories, and advance careers. 📌

# ADVANTAGES OF A BOARDING SCHOOL LIBRARY

## *A Day in the Life of Our Academic Hub*

By **Leslie Poston**, Director of Library Services

### HAVING A LIBRARY THAT IS OPEN DAY AND NIGHT

is one of the many benefits that sets a boarding environment like Kiski's apart. While the library is always evolving to meet the needs of each generation of Kiski Boys, it remains at the heart of campus proper. Following the tradition of library legend and 2020 Kiski Luminary, **Mrs. Brigitta Szilagyi**, the library staff takes in students each day that may be anxious about a daunting project, and guides them to the resources that will help them meet their academic challenges.

Constructed in 1993 at the center of campus, The John A. Pidgeon Library is the hub of academics, collaboration, and enrichment. The library staff, technology team, and learning support center are all located in the Pidgeon Library building, and are active in helping students become their best scholarly selves. Together, in an age of information abundance, our trained librarians and experienced teachers prioritize students' learning to critically consume and skillfully create content. The Pidgeon Library is dedicated to providing the supportive and nurturing atmosphere in which that crucial work can take place. These valuable services are available beyond the regular school day and well into the evening.

This year, Zoom office hours have been added to provide remote learners with the ability to access assistance from the library and the Learning Center. **Mrs. Darcie Spahn**, Director of the Learning Center, has been able to continue offering peer tutoring services remotely along with her study habit instruction and more. The Pidgeon Library remains central to daily academic life, even in a virtual setting.

# A Typical Day in the John A. Pidgeon Library

Being open nearly 70 hours per week, each day looks a bit different from the next. However, students most frequently visit to:

- *Locate resources for assignments using the online catalog and subscription research databases.*
- *Learn skills in proper citation and ethical use of information.*
- *Enjoy a quiet atmosphere for study and homework.*
- *Utilize an array of printers, copiers, scanners and laminators for projects and papers.*
- *Get proofreading help on essays and written work.*
- *Meet with fellow students or teachers for group assignments, extra help and tutoring, or extracurricular club meetings.*

Here's how those activities might look in action on a given day at the Pidgeon Library:

**6:30 am:** Housekeepers open the doors, and procrastinating boys file in to finish major assignments.

**8:00 am:** Librarians arrive, usually to find boys already here, sitting quietly, working, or double checking the school app for assignments and due dates.

**8:15 am:** The copy machine and the coffee maker are both fired up. The sound of the printer whirs into action as boys filter in to pick up homework papers from the printer and rush out to get to class on time.

**8:30 am:** During first period, **Mrs. Leslie Poston** is covering two classes visiting the library. The seniors in **Dr. John**

**Williams** chemistry class are seated near the white board to view the demo of the science databases. They are working in pairs to prepare short presentations on different types of energy and power plants. On the other side the room, over near the Reference section, the sophomore Men in Society students are discovering career paths using self-assessments and government web sites.

Meanwhile, Assistant Librarian, **Mrs. Meredith Galo** is helping a few juniors in the copier room with their history project. They are creating trading cards on American Revolutionary figures. They've gathered information and images using subscription databases, and designed and formatted the cards using Adobe Illustrator. They will then print, cut and laminate the final products, using library tools and supplies.

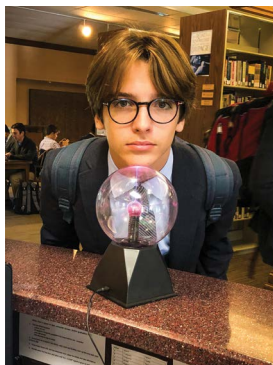

**9:25 am:** Students are in study hall, some sitting with the librarian at the help desk practicing vocabulary words for their test next period.

**10:15 am:** The Kuerig machine is on, as well as Mrs. Galo's Nespresso—a new favorite! A couple of students bring snacks to the work room and stop by the jigsaw puzzle table.

**10:30 am:** **Mr. Vince Kwiatek's** US History students come each lab period to work on the junior research paper. This year's topic is "The United States as the Land of Opportunity". Students locate primary documents in print sources and relevant content in databases related to their specific topic, then create an argument based on the evidence they uncover. They collect and format bibliographic information and note cards using an online research platform.

Matt Lampard '21 is shocked to be at the circulation desk.

(Left to right): Micah Tillman '20 and Osten Allen '21 dig in for a quiet evening study session.

After lunch, students sign in for study halls. Upon checking the new Honor Roll list, posted in the library, some will exercise their privileges to spend their study hall in the student center. Some stay in the library to meet with **Mrs. Carla Ross** about an upcoming Culture Pot activity, assembly, or International Food Festival t-shirt designs.

Students sign in for class when teachers are absent due to sports or illness. Mrs. Poston likes to take these opportunities to teach important information literacy skills, like how to be good digital citizens and evaluate information for accuracy and reliability.

**2:35 pm:** “Flex during Flex” is a drop-in yoga practice Mrs. Poston started in the library and because of popular demand has moved to the gym for Intersession Yoga.

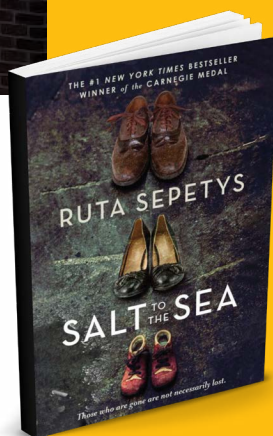

**3:00 pm:** The end of a regular school day is that start of the evening hours at the Pidgeon Library and the Librarian on Duty arrives. The Librarian-on-Duty becomes Administrator-on-Duty during the afternoon hours as well, taking calls from students who need assistance or permission to leave campus.

While students are at sports, the library staff works on collection development and upcoming programs—all-school book discussion guides, book tastings, readers advisories, Black History month and Chinese New Year displays. Mrs. Galo plans Sunday story hours and Mrs. Ross plans for Culture Pot roundtable discussions and guest speakers that often take place in the Bradley Reading Room.

Before and after dinner is the time of day typically when the library is visited by faculty families out taking their kids

## 2020-21 ALL-SCHOOL BOOK

Each year Kiski selects an all-school book to build discussions around throughout the year. This year, the Kiski community is reading *Salt to the Sea*, by Ruta Sepetys. The #1 New York Times bestseller and winner of the Carnegie Medal is a historical fiction that tells the tale of a group of refugees fleeing their war-torn Eastern European nations for safety during the tumultuous closing of World War II.

and dogs for a walk. Kiski students are often dog walkers in the afternoons while Sunday story hours provide Kiski Boys the community service opportunity to read to faculty children and help with crafts and activities.

**7:00 pm:** Augmented Study Hall students (boys assigned for more acute mandatory academic assistance) report to the library for their structured study time.

**7:30 pm–9:30 pm:** Evening study hall. On average, 25 students opt to sign out of their dorms during evening study hall to do their work in the library, where it's generally quiet and free of distractions.

Days and nights in the library are filled with more than just reading and research.

Poster printing, photocopying, extra help, peer tutoring, Learning Center hours, along with friendly games of chess and puzzle breaks are all going on during the evening until 10 pm, when the last boys gather up their backpacks and head back to the dorms. ♣

# BRIGITTA JOHANNA SZILAGYI (1938 - 2019)

*When we consider our favorite subject in high school, or our best academic experience, no one remembers their favorite textbook. It is the teacher we remember. It is the teacher that makes the difference. The knowledge the teacher brings of his or her subject along with the driving desire to share this information can shape the life of a student forever. Excellent teaching is an art. It takes years of dedicated practice, fine-tuning, and growth through error by the practitioner to achieve excellence. Hours of preparation mixed with some boldness, pedagogical talent, knowledge, and dedication come together to produce an outstanding teacher. At Kiski we have enjoyed the blessings of many superb teachers over the years. This section of the Bulletin is dedicated to honoring excellent Kiski teachers, our Luminaries. In this space, we remember teachers who shared their brilliance and enlightened generations of Kiski Boys.*

Mrs. Szilagyi was a beloved member of the Kiski community for 50 years. Knowing what his mother meant to his Kiski brothers, her son, **Steven T. Szilagyi '88**, deferred the honor of writing her luminary passage to the Kiski Boys from the past half century. Editing these heartfelt expressions down was an impossible task. Thank you to all that submitted your reflections, even if they could not be contained here. Here are a handful of their messages to Steve and his father, **Tamas**:

**GREG ZEIGLER '64** *Brigitta was all warmth, smiles and loveliness. I had many aunts growing up at Kiski but she was one of the sweetest. I don't remember a harsh word—ever. And for a little kid from Saltsburg, I was getting to know and admire a couple from another country. Brigitta took the "foreign" out of "foreigner" and replaced it with it comfortable, familiar. I learned a lot from her. A wonderful woman.*

**CARL KALNOW '68** *Your mother was a beautiful lady who was always kind in the dorm (Clark), at the dinner table, and in the*

*library where she was most helpful. Kiski would not be the same without her loyalty! I was privileged to know her!!*

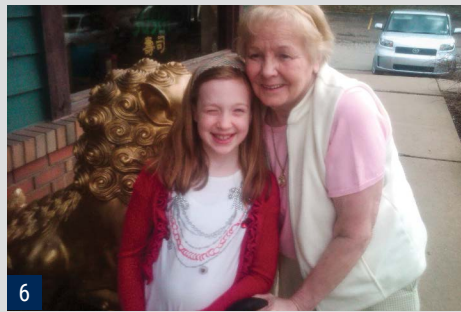

**ED MARKS '68** *I spent two years at Kiski. I was a long way from home and pretty homesick and your parents, especially your mom, helped me deal with that in my first couple of months.*

**WOODY DANFORTH '72** *I have tears of joy and sorrow when I think of our Brigitta. We were all fortunate to have been so included as a part of her world and the Kiski world as it existed within her. I was fortunate to have been in MacColl Hall when Steven was born. Brigitta would tactfully approach the "ping-pong" room and politely suggest that Tamas get his \*¢\$ in the apartment and go to bed! I have always honored the dynamics of their relationship and always will, as a parent and spouse. "Faith, Humility and Tolerance". Thank you, Brigitta... Thank you, Tamas... and Thank you, Joe Millar. Kiski was a better place with the unconditional commitment of our Brigitta.*

**ROBERT "BUCKY" BUCKINGHAM '78** *She was the perfect counterpoint to your dad, at least to us from the outside. He was always the gruff and tough one, while she was the kinder, gentler soul, and they were great together.*

**SANDY PIDGEON '78** *She was "Aunt Bridget" to all of us faculty brats. Your father, who will always be my "Uncle Tamas," was one of my favorite teachers. He was definitely the very passionate, boisterous, gregarious, but very informative teacher from whom I learned the dangers of communism. In beautiful contrast, as we all marry our opposites, your mother was the perfect partner to him. She exuded absolute grace, kindness, patience, and caring for every*

one of us as well as all Kiski Boys whose lives she quietly touched. Please now know that she is at peace and in the loving arms of Christ. Her service to Kiski and her loyalty to your father is an example for all. GOD Bless.

**RICK CURTISS '81** [Reflecting on his time as a faculty kid watching Mrs. Szilagyi play his mother Georgia Curtiss in tennis]. [I]t wouldn't take long before things got serious. I distinctly remember Bridget had a deadly topspin. They laughed and had a good time but behind the laughter was Wimbledon-level killer attitude.

**LEX WINANS '83** I remember how she carried herself with such poise and grace. She was such a vital part of the Kiski experience back then.

**DAVID CONRAD '85** Bridget above all could take in an army of lonely souls. She could bake for you, cook for you, hug and correct you, laugh with you and still have enough time to kick back and have a drink. She helped make a frightened boy into a better man. I miss her deep deep accent, I miss her late night laugh, I miss the woman who could go head to head with Tamas. I miss knowing: anytime, day or night, any hour, I had another home out there in Western Pa, happy to take me in.

**KELLY PIDGEON '85** She was a gem and one of the kindest people I have had the honor of knowing.

**TIM ROSE '85** For me Momma Szilagyi was a second mother--a stable, dependable,

loving mother who nurtured my growth. She helped me fill in the fault lines in my character while also helping me finally breathe a big sigh of relief. At the Szilagyi household, I was safe, I was home. She deeply celebrated the good in others. Like Gatsby, she kindled our drive to "stretch out our arms farther."

**DOUG SCOTT '85** I remember Bridget as being a very kind, sensitive, engaging and passionate person. She was very helpful to me with my German studies allowing for a different teaching perspective when I had hit hurdles. She was a Kiski mother to me.

**JIM KNOER '88** I can only remember her with a smile on her face, warmth in her heart and having an infectious disposition.

**BRIAN ELLIS '94** *Brigitta cussed me up a storm when she found out I had married 3 times. But she always had lovely gifts for my children, wives, and my mom. My youngest son, Tamas, is of course named for Tamas. This one hurts badly. Goodbye mutti.*

**SCOTT KOZUB '95** *Your mom was an amazing woman who filled my childhood with great memories.*

**CHAD SKENA '95** *I have many fond memories of her in the old and new library. Some people won't understand how much a woman like Mrs. S. could impact a person's life like she did mine.*

**DARREN SILVIS '96** *Warm. Gracious. Caring. These are a few of the many wonderful characteristics that Mrs. Szilagyi embodied as she provided much comfort to me as a wide-eyed freshman adjusting to Kiski life. She was a treasure to Kiski.*

**JEREMY ENZ-DOERSCHNER '08** *I feel like I almost never got in and out of the library without making conversation. If we didn't have something new to exchange while I was checking out books, we'd always have the same debate over the pronunciation of my name.*

**KAREN DIORIO (A LEGENDARY KISKI MOM)** *We go back 54 years. She was a wonderful lady and a true friend.*

**DORIT MURCIANO (DAUGHTER OF FORMER KISKI FACULTY MEMBER, SAL MURCIANO)** *Your mom was an amazing woman filled with such warmth and kindness. I have such sweet memories of her from our childhood.*

**THE FOLLOWING IS AN EXCERPT FROM DIRECTOR OF LIBRARY SERVICES LESLIE POSTON'S EULOGY:** *Bridget always, and I mean always, had a project that she was working on. She decorated all*

*Bridget Szilagyi*  
**A Life Well Lived**

Bridget was good.

Bridget was kind.

Bridget was artistic and talented.

Bridget befriended all strays.

Bridget was a good listener.

Bridget had gratitude for life.

Bridget had fun.

Bridget was a role model.

of our bulletin boards, and created seasonal displays, flyers and posters. For these many projects, she had loads of supplies all stashed in various drawers, cabinets, bins, boxes and closets. Like many artistic people do, she saved everything. Bits of fabric, ribbon and crepe paper, pages from magazines, colored and printed papers of all shapes and sizes. And anything she created, she saved to use again. At Halloween she bundled cornstalks, and brought in mums. In the spring she brought blooming forsythia in a vase. And at Christmas, she went crazy with garlands, securely attaching them to every surface, sill and doorway with library-grade binding tape. And for awards at the end of the year, she used her prodigious talent for calligraphy and elaborate ribbon-making!

She never slowed down! Never stopped doing things for other people. Even when she needed a walker to get around, it didn't stop her. And the Kiski boys helped her, walked her to her car at night, carried her bags for her. She just inspired kindness!

**THE FOLLOWING IS AN EXCERPT FROM HEAD OF SCHOOL CHRIS BRUENINGSEN'S EULOGY:**

*I first met Tamas and Bridget when I arrived at Kiski as a rookie teacher in 1990. As they did with so many new teachers, they welcomed me into their home as part of their family.*

*She knew all the boys who visited the library. She cheered them on and congratulated them on their accomplishments. And she was always there to comfort them during setbacks and offer good advice. Bridget was a mom-away-from-home for generations of boys and they're all better people for knowing her.*

*Her connection to the boys was always on display for the International Food Festival. Bridget, of course, managed the German table. In later years, Megan and I hosted the cooking at our home, which was an easy assignment since as soon as Bridget arrived she took complete charge of everything. She'd have a group of boys frying schnitzel on one side of the stove while she was giving spätzle-making lessons on the other.*

*The woman was, in fact, a spätzle-machine. She'd put eggs and flour and the other ingredients into a big bowl, without measuring anything, and mix it all together to create a perfect batter. The batter goes onto a board and, a small bit at a time, gets dragged with a knife into a pot of boiling water. There's a real art to it and for Bridget, it was not a spectator sport. She'd have the boys come over one at a time. They'd hold the knife and she'd hold their hand to demonstrate the correct drag-and-drop technique until they got the hang of it. It makes me smile when I think about all the grown men who've shocked their spouses by saying, "Yeah, I know how to make spätzle!" All thanks to Bridget.*

*Some people go through life having never encountered a person as lovely as Bridget Szilagyi. We were all lucky and blessed to call her a friend. God bless her for the indelible mark she made on our world. ♡*

# WELCOME BACK TO KISKI

*A Q&A Session with the Burans*

*This July, we were thrilled to have Bramble “Bram” and David “Bo” Buran rejoin the Kiski faculty from their most recent posts at The Albany Academies in New York. Bram rejoined Kiski as the Associate Head of School for Enrollment Management, while Bo assumed the roles of Chairman of the Science Department and Head Football Coach for Kiski. We asked the Burans to reflect on this happy occasion.*

## What is your favorite memory from your first stop at Kiski?

**Bram:** I have so many great memories from being here. One in particular, was the fun potluck dinners hosted in faculty homes. We would all bring our favorite homemade dishes along with the recipe to share.

**Bo:** Wow—so many—beating Shady Side—my school—in football my first season coaching in 1986 when Shady Side came out in ‘BEAT KISKI’ football jerseys...**Charlie Kresho’s** [’91] wrestling National Championship...**Coach Karstadt** going nuts at **Ryan Jones’** [’98] heavyweight championship...sitting and talking with boys in a McDonald’s after a game or match...listening to **Mr. Pidgeon** give a talk about Kiski and education. And then, just the great faculty (**Mr. Pidgeon, the Kozubs, the Crawfords, the Lombardos, Mr. Vlahos, Mr. Turley** [’64] ...too many to name) that mentored and taught Bram and me so much.

## What were your thoughts as you became aware of an opportunity to return?

**Bram:** Coming back to Kiski is like coming home in so many ways for Bo and me. This is where it all began for us as a family and really was the foundation for our career paths.

**Bo:** Excited! Three of our four children were born in Latrobe during our time at Kiski and they have so many great childhood memories here so they were all excited about it too!

## What were you looking forward to most upon your return to Kiski?

**Bo:** First, to be back home, it just felt right. Second, we hope to be able to give back to Kiski in the same way that Kiski gave so much to us.

**Bram:** I am looking forward to being back in a boarding school environment and a part of the Kiski community—spending time with our colleagues, supporting and watching all the Kiski teams, and getting to know the students.

## What would you say to Kiski alums that are considering their own return to campus to visit or as potential Kiski legacy parents?

**Bo:** You need to visit! Yes, Kiski has changed, and appropriately so! The facilities are fantastic, but that special sense or feeling of ‘Kiski’ is still here.

**Bram:** Welcome back! You are part of what makes Kiski such a special place. If you are a potential Kiski legacy parent and are interested in exploring the opportunities for your son, please reach out to the Admissions Office. We’d love to hear from you and see the Kiski tradition continue in your family! You’ll see how Kiski is the same special place you remember in so many ways. There may be some new faces and a few new traditions, but preparing young boys to become confident young men is still at the heart of the Kiski experience. We’re happy to provide you with a variety of opportunities to connect and explore Kiski, either on campus or virtually. 🍀

## Kiski Welcomes New Hires *and Returns*

**STEVEN BRACHNA** is our new Network Administrator. Steven comes to Kiski from the Smail Auto Group, where he was an assistant IT administrator. He is a US Army veteran, who served for seven years. Steven lives off campus.

**BRAMBLE BURAN** was most recently the Director of Enrollment and Financial Aid at The Albany Academies in Albany, NY. Mrs. Buran earned her biology degree at Bowdoin College. She started her career here at Kiski, as the Assistant Director of Communications and Director of Public Relations. Her talents took her to positions in Oregon, Florida, and New York. Bramble returns as the Associate Head of School for Enrollment Management.

**DAVID "BO" BURAN** has also returned to Kiski from The Albany Academies, where he was the Science Department Chair. He earned his degree in biochemistry at Bowdoin College. Bo will serve as the Chairman of the Science Department, teaching chemistry and physics, and will be the Head Football Coach. You can read more about the Burans' return on page 33.

**MITCHELL CZERNIAK** is our new Assistant Director of Admissions. Mitchell is a graduate of Carthage College with a M.Ed. in higher education. He received his B.A. degree in psychology from the College of Wooster. Mitchell and Catherine Benton make their home in Hoag and will be married in December 2020.

### CHANGING ROLES AS OF JULY 1, 2020

After managing the Admissions Office for two years, **Adam Schapiro** will share Associate Head of School duties with **Mark Novom**. Together they manage daily operations, internal school programs, discipline, and residential life.

**Ryan John** has assumed the role of Director of Strategic Initiatives. He now oversees all external programs, including international partnerships with other schools and summer auxiliary activities.

## Faculty Plaudits

**FACULTY LED ART COLLABORATION** Along with Mrs. Patricia Argyros, Carter Fuhrer '23, Antonio Stabile '23, and Tony Ye '23 worked to create a multi-medium piece of art to enter for a show at Rowe Gallery at the Greensburg Art Center. The painting is called "Pattern Splash." To enter the exhibit, the artwork had to be created with a member of the Greensburg Art

Center, which Mrs. Argyros is. Carter, Antonio, and Tony did their part by drawing black and white patterns on paper using photos as research for different interesting patterns. The patterns were cut out along with other papers and the class laid out the composition of the painting on the canvas. Mrs. Argyros finished the piece by connecting the patterns and adding her own ideas. The Collaboration exhibit was on display from February 2<sup>nd</sup> until the end of March.

**CLYDE SLEASE TEACHING PRIZE** Created by Clyde H. Slease III '62 in appreciation for the dedicated teachers who touched his life while he was a Kiski student, this award is given to a faculty member, who in the opinion of his or her colleagues, has made a significant impact on the boys he or she teaches through creative and innovative pedagogical practices, solid knowledge of subject matter and sincere interest in the students. This year's winner, is **Mr. Gino Colella**. Mr. Colella creatively incorporates the 350-acre Kiski campus as a living classroom. He is also active with the Kiski Clay Breakers and Kiski Sportsmen Society. Mr. Colella created an innovative Prezi detailing our local ecology that can be found at [bit.ly/ColellaPrezi](http://bit.ly/ColellaPrezi).

## Professional Development

In the last seven months, the Kiski faculty has navigated the challenges of teaching through Covid-19 safety protocols with aplomb. When the decision was made at spring break to finish the year online, the faculty underwent intense training in-house guided by **Mr. Brendan Moriarty '86**, **Mr. Marcus Muster**, **Dr. Craig Olear**, and **Mr. Brad Kwiatek**. This training focused on the new technology involved as well as the best practices for online learning. This multi-day training ensured that the faculty was ready to export the best of their teaching to the virtual space, but it also focused on our students and how to make them comfortable in the classroom. These discussions became reality as the training began for the ONE Kiski program. Faculty participated in an intensive online course for teachers with online students and then trained together again for in-house professional development specific to our goals. This successful preparation has led to a strong start to our academic year.

Adaptations to our program were not the only events. The faculty also met several times with **Mr. Malcolm Thomas**, Program Director for Reaching Black Male Mentoring and Manhood

Development in Pittsburgh, in Authentic Educator workshops with a goal to help students and those who work with students to have greater effectiveness starting in early 2020. That training will continue throughout the year.

**Mr. Gino Colella** continues his stellar performance toward his Master's Degree at Slippery Rock University. **Mr. Gregory M. Forsythe** is pursuing his doctoral degree at the Indiana University of Pennsylvania.

During the first week of December, **Mrs. Carla Ross** and **Mrs. Leslie Poston** attended the National Association of Independent Schools People of Color Conference in Seattle, WA. This year's conference theme, *1619. 2019. Before. Beyond. Amplifying our Intelligence to Liberate, Co-create and Thrive*, commemorated the 400 years since the first British ship carrying captured Angolans arrived in North America, initiating enslavement of Black African people. The conference provided a full schedule of presentations and workshops to help educators build more diversity, equity and inclusion at schools like Kiski. 🍀

- 2008 Lacrosse Team

Each inductee and team representative delivered heartfelt acceptance remarks that can be found on Kiski's YouTube channel, [youtube.com/kiskischool](https://www.youtube.com/kiskischool). One of the many highlights was **John Regan '08** explaining how his wrestling coach, **Joe Ross** (in attendance for the ceremony), used him as a puppet during one of his teammate's matches. John recalled how Coach Ross demonstrated moves on John with an intensity that thankfully left him intact for his own bouts. The story caused laughter-induced tears throughout Clark Auditorium as John reenacted the flailing, off-mat tutorial meant to benefit his less-experienced teammate.

**THE INDUCTEES WERE RECOGNIZED** the following day during halftime of the Homecoming football game between Kiski and The Linsly School. The game ended in a 28-26 Cougar victory, spoiling the Linsly Cadet's undefeated record.

Campus guests were also treated to Kiski's hosting of soccer's Mid-West Prep Invitational that included round-robin play between Lake Forest Academy, The Linsly School, Western Reserve Academy, and Kiski. The Cougars lost close contests to Lake Forest (2-3) and WRA (1-2) but triumphed over Linsly (7-1).

The spectacular fall days served as an ideal setting for receiving returning members of the Kiski community. We are looking forward to hosting our next homecoming weekend in 2021! 🍀

# Kiski's Alumni Leadership

## *Class Captains and Board of Visitors Members*

Our alumni leadership is strengthened by two important volunteer groups. **Class Captains** help Kiski to welcome the continued involvement of their classmates while keeping them up to date on all of the latest Kiski news. They frequently help the School find updated contact information for their peers and extend invitations to events to cultivate a lasting connection. It is

no surprise that—due in large part to alumni leadership—Kiski has enjoyed robust event attendance from all eras and reached a record for alumni support of The Kiski Fund again last year.

The Kiski **Board of Visitors** includes alumni from a wide span of eras. The group meets annually to discuss important issues related to Kiski's growth—alumni engagement, academic curriculum, admissions, school finances, fundraising and athletics. Their thoughtful feedback sharpens Kiski's approach.

Involvement in both groups positions our alumni leaders to perform as well-informed advocates for Kiski. Class Captains and Board of Visitors members have encouraged families to consider Kiski for their sons. They have also aided Kiski with the procurement of foundation and corporate fundraising support. Many of Kiski's recent successes have been a direct result of their input and we are thankful for their service.

# Kiski Welcomes New Trustees

*Brooks Crozier '87, Edda Fields-Black P'21, & Joseph Orr III '75, P'05 Join Board*

First, Kiski would like to thank Michael Hoag '80, P'15, Richard Kneedler '61, Tom Jones '79, Greg Lignelli '95, and Thomas Usher GP'17 for their leadership. Each committed a great deal of personal time toward the betterment of their beloved School. Trustees serve on multiple committees dedicated to maintaining progress in pivotal areas for strategic growth. They have also each given generously to advance special projects and our overall operating budget via annual gifts to The Kiski Fund. Thank you, gentlemen!

Brooks Crozier '87, Edda Fields-Black P'21, and Joseph Orr III '75 were elected to start their first term on July 1, 2020.

**Brooks Crozier '87** is a biology professor at Roanoke College. He earned a B.S. from Roanoke and a M.S. and Ph.D. from Virginia Tech. Brooks is a trustee of the McFeely-Rogers Foundation, which was founded by his late uncle, Fred Rogers. Over the years, the foundation has supported several special projects for Kiski. Brooks is a loyal alumnus and a former member of our Board of Visitors.

**Edda Fields-Black P'21** has been a professor of history at Carnegie Mellon University since 2001. Edda earned her doctoral degree from the University of Pennsylvania. She's written several books and her research has been funded by the Woodrow Wilson, Ford, Annenberg, and Mellon Foundations. Edda's husband, Sam, is the Director of African-American Programs at the Heinz History Center. Their son, Akhu, is a senior at Kiski this year.

**Joseph Orr III '75 P'05** is part of four-generation Kiski family. Joe, his father, and his grandfather all graduated from Kiski and from Lehigh University. Joe's son, Joe IV, graduated from Kiski in 2005. Joe's company, J.C. Orr & Son, a general construction firm located in Altoona, was founded in 1882. Joe provided the funding for the Orr Track & Field in 2014 and he's been the general contractor for several construction projects on campus. He's been a generous contributor to The Kiski Fund for decades and his company participates in the EITC program every year.

## Golfing for Scholars

*The 4<sup>th</sup> and 5<sup>th</sup> Annual Kiski School Golf Tournaments*

Since our last issue, the Kiski Trustees have hosted two golf outings at the beautiful Pittsburgh Field Club. The Trustees cover the expenses related to the event so that 100% of the funds raised each year are directly applied to the financial aid needs of our Kiski families.

Participants have an opportunity to play on one of the premier courses in the region while supporting a worthy cause. Thanks to the relative safety of a golf tournament setup

compared to other larger, indoor or more confined events, this tradition was able to proceed during the pandemic. While participants on all levels enjoyed the escape from a typical Monday, the 2020 outing was one of the most competitive yet.

Of course, our Kiski Boys are the ultimate winners. Nearly the equivalent of a full \$48,500 boarding school tuition award was raised each of the past two years. Thank you to all who participated!

# Kiski's Annual Pittsburgh Event

*Alumni, parents, and friends join to celebrate Kiski at the Duquesne Club*

On Friday, November 8, 2019, Kiski gathered in Pittsburgh at The Duquesne Club for a night of networking, reuniting, and celebrating. **Head of School Chris Brueningsen** provided a state-of-the-school address to those in attendance that included promising early results that followed Kiski's tuition reset announcement. The crowd broke out in applause as he shared that the Mosites Family Foundation made a new generous gift supporting scholarship endowment.

Praise of Kiski was echoed by **Board of Trustees Chairman John Jacob '89**, and **Associate Head of School for Institutional Advancement, Steven T. Szilagyi '88**. Following the brief presentation, the Kiski Music Ensemble performed several crowd-pleasing hits like "My Shot" from the Broadway musical, Hamilton.

We are looking forward to hosting parents, alumni, and other friends of Kiski during the 2021 Pittsburgh Kiski event at the Heinz History Center. Details will be made available at [www.kiski.org](http://www.kiski.org).

- 3 Amy and her husband Harry Seibel '00 traveled in from Ohio to join the party. Harry is a Class Captain and Board of Visitors member representing a large group of alumni leaders in attendance.
- 4 Susan Kelly and Dean Mosites '72 were on hand to celebrate the great momentum created by Kiski's Tuition Reset, including the announcement of a new endowed scholarship supported by the Mosites Family Foundation.
- 5 The 2019-20 Kiski Music Ensemble took its shot and delivered an outstanding performance of Hamilton songs.

# Class Notes

## 1940s

**1** Purple Heart and Bronze Star recipient **Roland Glenn '43** was interviewed on the *Veteran's Breakfast Club* on Facebook. He spoke of his time at Kiski including fond memories of **Jake Zeigler**, **Carl Arnold**, **Jim Marks '33**, **Dr. L.M. Clark**, and **Colonel Daub** as inspirational men who taught him leadership. His book, *The Hawk and the Dove*, details his battles in Japan and Korea, and their lasting impacts on his life.

## 1950s

**2** **Dr. James '53** (right) and **Helaine Hazlett** met up with **Brayant Garcia '19** (left). After learning Brayant was studying at nearby Harvard, the Hazletts, residents of Marblehead, MA, invited him to lunch.

## 1960s

**3** North Carolinian Kiski Boys **Simon Tanner '94** (left), and **Roger Kishman '62** (right) met for lunch after a common acquaintance noted their Kiski connection and introduced them.

**4** As a playful exercise, 1962 Class Captain **Roger Kishman** asked his classmates to submit updates after a few months of quarantine. Some submitted haircut and shaving before-and-after photos. **Frank Shipman '62** has been maintaining a clean cut. Looking good, Frank!

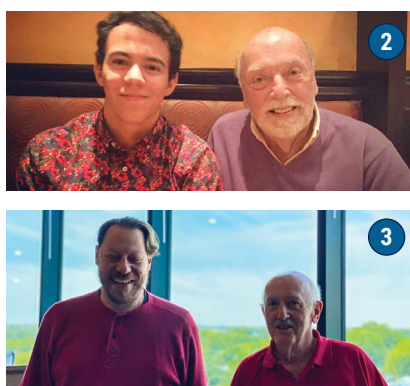

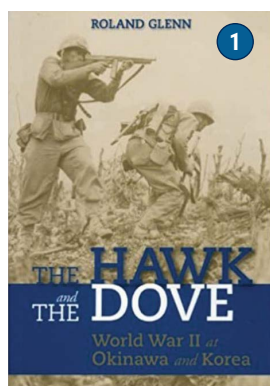

**5** Orthopedic surgeon **John Mazur '62** (second from right) has traveled to Haiti to treat the poor. He and a few of his Kiski classmates are also involved in directly supporting the efforts of *Haiti Hearts – Children* which allows qualified Haitian children with cardiac issues to be treated and receive surgical procedures.

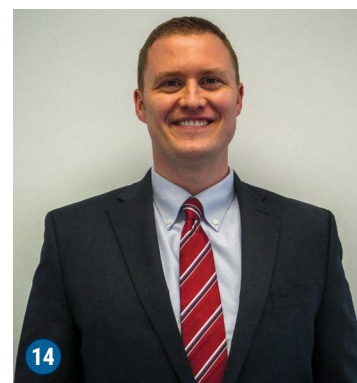

## 1970s

**6** Since they weren't able to gather on campus to celebrate their 50<sup>th</sup> in person last June, some members of the **Class of 1970** reunited virtually over Zoom. **Randy Hoffman '70** asked, "Who is that guy that looks like a telephone?"

The Kiski garden received another generous donation of plants from Janridge Farms & Nursery, owned by **Rob Marshall '71**. In all, 129 plants were donated to jumpstart our garden during Rob's visit.

**7** Retired Navy SEAL, **LCDR John A. Pidgeon Jr. '78** received his Doctorate of Educational Ministry in Applied Apologetics from Southern Baptist Theological Seminary in May 2020.

## 1980s

**8 Chris Lingafelter '83** (left) visited Kiski in June and enjoyed a tour of campus with **Director of Annual Giving, Damien Williams**. He also visited with **Associate Head of School for Institutional Advancement, Steve Szilagyi '88** (right).

**9 Paul Rayhill** (left) and **Craig Spitzer** (right) held an impromptu miniature Class of 1983 reunion at the Army-Navy game in Philadelphia, PA last fall.

**Neill Andritz '86** and his wife **Evelyn** were featured in the Valley News Dispatch for their ability to grow their Gilpin, PA business, River's Edge Canoe & Kayak, during COVID-19 as people increased their outdoor activities.

**10 Mark Orsatti's** (left) still got it. He encountered **Brian Endersby's '88** parents **Robert** and **Susan Endersby** when they recognized his Kiski

gear in Panera. He was able to wow them by recounting Brian's proficiency in German and cross-country even after all those years.

## 1990s

**11** The Latrobe, PA Planet Fitness was the site of a chance encounter of iron-pumping Cougars. **Jason Burkey '91** (left) and **Billy Gillis '19** (right) exchanged Kiski and college stories after meeting at the gym.

**12 Associate Director of College Counseling Megan Neumeister** ran into Brown University's **Dean of Admission Logan Powell '92**, at the National Assoc. for College Admission Counseling's annual conference held in Louisville.

**13 Major Brian Ellis '94** (right) commemorated his retirement from active duty with former Kiski faculty

member **Lieutenant Colonel Shawn Wray** (left), Commander, 1-112<sup>th</sup> Infantry.

**Darren Silvis '96** started a new role as Development Director of the Joshua M. Freeman Foundation near Fenwick Island, DE. The organization operates The Freeman Stage, an open air arts pavilion that hosts 60 shows each season. Darren will raise funds to support the Stage, arts and education programs for schools, and for an upcoming capital campaign.

**14 Dr. Jeremy Walker '97** was recently interviewed by the Pittsburgh Technology Council on their Summer Podcast Series about the work he's doing at FLIR Systems. He discussed FLIR's biochemistry technologies to detect chemical weapons. He also introduced Elevated Skin Temperature screening technology, which can be used to identify people who may have a fever that could be related to a viral infection, such as COVID-19.

**Henry Rothschild '98** opened a diamond showroom in Downtown Pittsburgh in November of 2019. The new location is housed within the Clark Building.

## 2000s

**15** Kiski legacy **Junaid Abdullah '03** shared a touching Kiski tribute via Twitter after earning his Master's in Plant Health Management from The Ohio State University. "@TheKiskiSchool took a poor, inner city, 14-year-old kid and molded me into a man." #KiskiProud, Junaid!

**16** **Rob McConnell's '06** book, *Fly Fishing the Sam*, was recently published in which he highlights the species of fish that can be angled in the Sam Houston National Forest.

**17** Due to COVID-19, **Jeffrey Dagbo '07** and his wife **Amanda** held a small wedding ceremony in March. A larger celebration is being planned for later. The happy couple plans to settle in Chicago.

**18** The Kiski Clay Breakers were joined by alumnus **Tom Garzarelli '07** (center, vest).

**19** Congratulations to **Hubert '08** and **Thembeke Dagbo**. The couple was married in South Africa in August 2019.

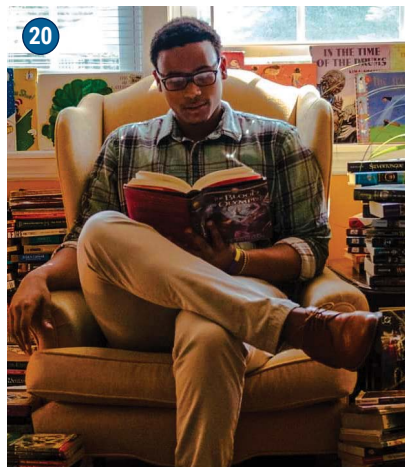

## 2010s

**20** Inspired by his own love of reading, **Abraham Duncan '16** started a venture to pass that on to a younger generation

in his "Bringing Boys to Books" Facebook group. He hopes to shrink a gap that has been identified between boys and girls that enjoy reading.

**21** Former Kiski Lacrosse teammates (left to right) **Ben Tackett '14**, **Robert Guldenschuh '14**, **Luke Gregor '15**, **Will Swain '15**, **Cameron Feenstra '13**, and **Hannibal George '14** got together while they were all in Pittsburgh recently.

**Justin Pearce '16** was named Haller Enterprise Institute's Student Entrepreneur of the Year at Thiel College. Justin is the creator of Massive Gains Apparel, which he managed while attending Kiski.

**22** Divine Buckrham '17 (Lehigh, left) and Jason Kcehowski '18 (Colgate, right) squared off last fall in their first clash as Patriot League opponents. Divine had the game saving tackle, that kept Colgate out of the end zone as time expired. Lehigh captured the win 21-14.

**23** Ben Gardner '17 was named one of Hamilton College's Scholar-Athletes. All 29 of Hamilton's varsity programs were represented by a junior or senior with one of the top cumulative grade point averages on each team. The average GPA for the group was 3.74.

**24** Shawndale Jones '17 claimed MVP honors as he helped the Indiana University of PA Crimson Hawks capture the Pennsylvania State Athletic Conference title.

**25** St. Lawrence University student Dylan McDonough '17 (left) was studying in Italy last spring. He was able to visit Hamilton College student Noah Giovannelli '17 (right) who was studying in Madrid.

**26** (Left to right) Quinn Commandant '17, Peyton Manko '17, Matt Wiechers '17, and Hunter Dunlop '17 met in a scrimmage between RIT and Manko's Mercyhurst squad.

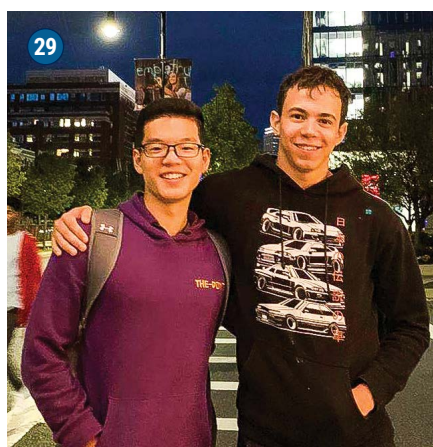

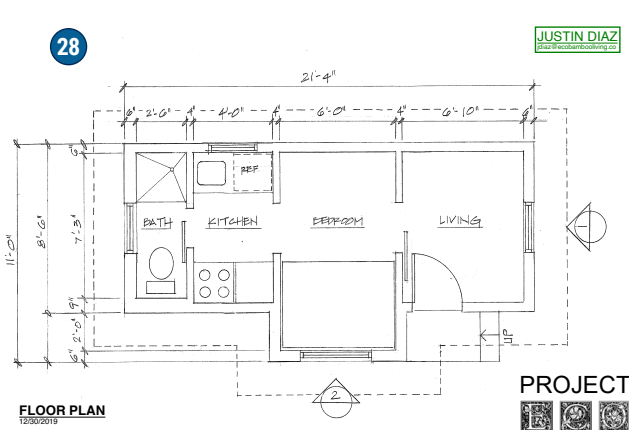

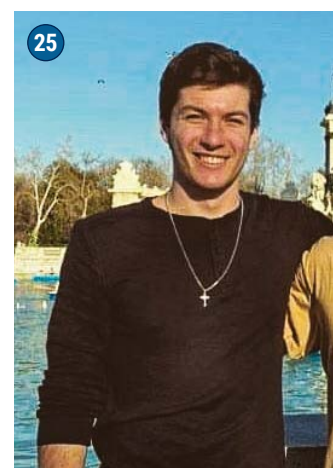

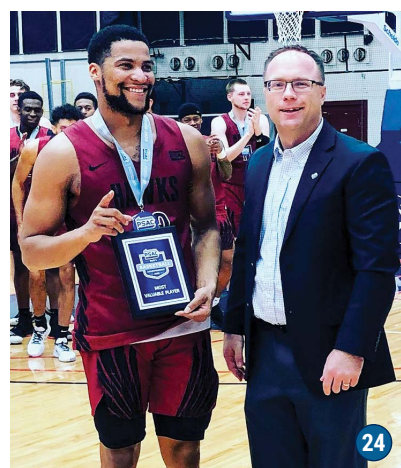

**27** Classmates from 2019 Ben Crewe and Kai Wisniewski produced a deeply moving and inspirational collection of videos from recent Kiski graduates wishing the best to the Class of 2020 as they completed their senior years under trying circumstances. Mark Orsatti ran into Kai during

Thanksgiving break in the University of Pittsburgh at Greensburg dining hall.

**28** Syracuse University Engineering and Computer Science freshman Justin Diaz '19 started his own venture called EcoBamboo Living. The plan is to provide modular bamboo homes for the less fortunate. The multi-talented Diaz also recently signed with a talent agency to advance his film industry aspirations.

**29** Brayant Garcia '19 (Harvard, right) and Haoran Mo '19 (Boston University, left) met up in Boston while completing their first college semesters.

**30** Ramses Minaya '19 (right) found fellow Kiski classmate Savion Jemison '19 (left) at the California University of PA versus Slippery Rock soccer

match last fall. SRU won that game 2-0 with Ramses tallying an assist.

St. Bonaventure freshman **Jake Rosa '19** was named MAAC Lacrosse Rookie of the Week. He scored four goals in his first college game.

**31 Jackman Schooley '19** (Lake Erie College, right) took on the University of Indianapolis and his former teammate **Ben Foster '19** (left). Indy won 15-13 with two goals from Ben. Jackman also scored once.

**32 TJ Spahn '19** (Denison, left) saw a familiar face on the Robert Morris bench last spring during a scrimmage, RMU Assistant Coach **Ben Tackett '14** (right).

### FORMER FACULTY

**33** The Lawrence Park Historical Society named Kiski's Director of College Counseling Emeritus **Jaye Beebe** their 2019 Volunteer of the Year. ♣

## 12<sup>TH</sup> ANNUAL WILL'S GIFT

# The "Warped Weaver" LaVerne Kemp

**W**ill's Gift is named in honor of **E. William Turley '64**, one of the finest educators in Kiski's history. Although he was not an artist himself in any traditional sense of the word, his 35 years on the campus could be called nothing but a masterpiece. His devotion to his students knew no bounds and he inspired many of them to be, if not artists, then whole and true versions of themselves. His gift was his passion for inquiry, for truth, and for the guts to accept the price of such a pursuit—attributes without which no fine artist can succeed. His gift was this kind of bravery and he gave of it every day.

On behalf of The Kiski School, *Will's Gift* is given annually to an artist working in Western Pennsylvania. The goal is to assist with the continued health of Pittsburgh's creative community and to increase and develop Kiski's strong collection in the visual arts. The hope is that the campus itself will become an archive and teaching center, a living and virtual gallery of the region's finest work. "If enough small fires can light an entire community, let *Will's Gift* be the fuel for one of them," said **David Conrad '85**, co underwriter of *Will's Gift* along with **Kristofer Rockwell '90**.

**LaVerne Kemp** was named as the 12<sup>th</sup> annual *Will's Gift Award* recipient by David Conrad during the 2020 Virtual Honors Convocation Ceremony. Ms. Kemp is known as "The Warped Weaver" for her intricate and creative

designs using many different processes including the use of handmade manual looms, batik, stumping, dyeing, and beading. The Wilkinsburg, Pa. resident has been working in the community for over 30 years. Mr. Conrad highlighted her broad spectrum of students. Ms. Kemp has made weaving accessible to little children, library classes, grown men, and immigrant mothers who couldn't speak a word of English but were able to communicate through their work. She has taught at the Pittsburgh Center for the Arts and at the Winchester Thurston School.

Ms. Kemp is a member of the Pennsylvania Council for the Arts and was recently appointed the President of Women of Visions, an African American women's art collective. Her works can be found at the Pittsburgh Center for the Arts, Patricia Boutique, and The Artsmiths of Pittsburgh. ♡

# The 2019-2020 Annual Report *of* Giving

The Annual Report of Giving gratefully acknowledges all gifts made to The Kiski School in Fiscal Year 2020 (July 1, 2019 – June 30, 2020). We dedicate this Annual Report of Giving to our entire Kiski community for your generous support and assistance. Your gifts have helped advance Kiski's mission to prepare young men to succeed in college and in life.

Gifts recorded in the 2020 Annual Report of Giving are only those received between July 1, 2019 and June 30, 2020. Gifts received after June 30, 2020 will be acknowledged in next year's Annual Report. If you have questions, comments, or suggestions regarding the 2020 Annual Report of Giving, please contact the Advancement Office at 724-639-8029 or [advancement@kiski.org](mailto:advancement@kiski.org).

Thank you for your generosity, interest, and support!

# THANK YOU

---

Dear Friends:

We are proud to share this Report of Annual Giving, detailing Kiski's fundraising results from July 1, 2019 through June 30, 2020.

While every contribution is meaningful, this year your gifts carried especially supportive messages.

During the fall, your donations were often accompanied by words of pride and encouragement as we embarked on our bold tuition reset initiative. The choice to break from the trend of hyper-inflated tuition rates caused inquiries and applications to increase well beyond expectations. Our tuition is now 20% less than the national average for boarding schools, and your giving made that possible without changing elements of our unparalleled educational experience.

We made a much different announcement in early spring. The global health crisis caused us to suspend on-campus operations in favor of remote learning for the balance of the school year. Your timely contributions addressed associated unbudgeted expenses and revenue losses, and allowed us to finish the fiscal year in the black. We are especially appreciative for the uplifting messages that so many of you have shared during these unprecedented times.

The 2019-20 school year was unlike any in Kiski's history. However, whether helping us embark on an industry-leading tuition reset or counter the effects of a global pandemic, your financial support demonstrably sustained our mission. Thank you for that!

Additional credit is due to our Class Captains and Parent Committee volunteers for their advocacy. They serve pivotal roles in our efforts to keep you informed and engaged.

On behalf of everyone at Kiski, we offer our most sincere thanks. We are eager to welcome you back to campus when circumstances permit.

With all good wishes,

Chris Brueningsen

## THE TOWER SOCIETY

The Tower Society recognizes individuals who have designated Kiski as a beneficiary in their wills and/or estate plans and have informed Kiski and the Advancement Office of those intentions. Tower Society members demonstrate remarkable foresight in ensuring their legacies through a planned gift to Kiski. Gifts through the Tower Society generally include trusts, life and other insurance policies, charitable remainder trusts, charitable lead trusts, IRA charitable rollovers, and additional funds which enable you to structure a gift to maximize tax and financial benefits.

## THE KISKI SCIENCE TRUST

In 2008, alumnus Elliott B. McConnell Jr. '46, established The Kiski Science Trust. The Kiski Science Trust is an endowed fund to be used for teaching as well as promotion of the sciences at Kiski. The Science Trust has also been generously supported by Harry Seibel '00, Van Messer '69 and Mr. McConnell's family members. The fund benefits the sciences at Kiski by providing annual cash flow to purchase state-of-the-art scientific equipment, attain science-industry guest speakers, and explore the sciences outside of the classroom by allowing the students to attend science-related field trips.

Sadly, Mr. McConnell passed in 2018 but his impact on the Kiski Science program will continue. His hope was to help Kiski be nationally recognized for science education. This trust provides an example of ways in which donor support for Kiski enables the School to achieve its goals and maintain excellence in all aspects of the educational experience.

If you have an area in which you would like to help The Kiski School achieve its goals of excellence, please contact Steven T. Szilagyi '88 at 724-639-8029.

## FACULTY AND STAFF

Kiski's dedicated faculty and staff serve our School not only as teachers and administrators, but also as mentors, coaches, and advisors. Every day, 24/7, our faculty and administration share their experience and passion for knowledge both inside and outside of the classroom. We are proud that 100% of our faculty gave to The Kiski Fund during the 2019-20 Fiscal Year. Their names are listed below with the year they were appointed to Kiski.

Thank you for your generosity and your continued commitment to the betterment of Kiski.

## *Capital Campaign Support*

# FOR THE BOYS

While Kiski's main fundraising priority is The Kiski Fund, capital campaigns allow the School to catapult forward in specific areas of strategic need. Like paying the monthly electric bill for your house, maintaining consistent support of our annual fund is critical for annual operations of the School. To expand on this current metaphor, capital campaign fundraising is similar to pulling together the funding needed for a large house expense like replacing an aging roof. It's necessary to make that pressing purchase; however, those funds can't be borrowed from those set aside for ongoing expenses, like the electric bill.

Our most recent capital campaign for Kiski was known as Leadership for the 21<sup>st</sup> Century. It was a highly successful campaign for Kiski and it was concluded in June of 2018. The

initial campaign goal was to raise \$9 million for physical plant projects and scholarship support. The campaign did exceedingly well and as such grew forward in a few separate phases. The campaign finally closed in successful fashion with \$35 million raised in support of many campus improvement projects, brick-and-mortar projects, support for athletics and new technology as well as much needed endowment scholarship funding. This was the most successful capital campaign ever implemented by Kiski.

Your generous leadership and financial support dedicated to our Leadership for the 21<sup>st</sup> Century capital campaign allowed us to embark on our recent tuition reset program. This fall, we broke free from a boarding school trend that has seen average tuition increase by 50% over the last decade,

while household incomes have barely budged. The price of Kiski's boarding school tuition is now 20% lower than the average price to attend other boarding schools. Thanks to you, Kiski's boarding tuition dropped from \$61,300 to \$48,500 to start the 2020-21 academic year.

The growth of the School's endowment is our new capital campaign focus. This campaign will become known as our For the Boys campaign. By increasing the School's endowment, we will be able to maintain the long-term stability of the School and make even more financial aid available for deserving Kiski Boys. Kiski has always valued the socioeconomic diversity of our student body. We are grateful for your ongoing support of that core belief and our new campaign to grow the endowment for Kiski.

# EDUCATIONAL IMPROVEMENT TAX CREDIT DONORS

The following businesses **and now individuals** made gifts to support the financial aid of deserving Kiski Boys and received up to 90% of their gifts in tax credits in return through Pennsylvania's Educational Improvement Tax Credit (EITC) program.

If you or your business pays one of the several eligible PA taxes listed below, the combination of EITC tax credits and regular charitable deductions available can substantially reduce your tax liability.

- **Kiski has received over \$3.5 million in financial aid through the EITC program since its inception in 2001!**
- **Last year individual EITC-SPE (Special Purpose Entity) Donors gave \$107,000 toward Kiski scholarships. Once their tax credits were applied, the combined net cost to all seven donors in that pilot year was only \$10,700!**

## ELIGIBLE PA TAXES:

- |  |  |
|--|--|
| • Personal Income Tax (specifically if you owe the commonwealth \$3,500 or more) | • Insurance Premium Tax (excluding surplus lines, unauthorized, domestic/foreign marine) |
| • Corporate Net Income Tax   | • Mutual Thrift Tax  |
| • Bank Shares Tax  | • Malt Beverage Tax  |
| • Title Insurance & Trust Company Shares Tax                                     | • Retaliatory Fees under section 212 of the Insurance Company Law of 1921                |

*Start your application today by contacting the Advancement Office at 724-639-8029 or [advancement@kiski.org](mailto:advancement@kiski.org).*

## HEAD OF SCHOOL CUP COMPETITION (Unrestricted Gifts to The Kiski Fund Only)

Each year, we rely upon our fantastic Class Captains to energize and organize their classmates to come together to support Kiski. The **Head of School's Cup** provides recognition to the classes and Class Captains who have made an extraordinary effort to give back to Kiski. The awards for **Most Dollars** and **Most Donors** are given to classes contributing the largest amount and having the highest number of donors to annual giving from July 1, 2019 to June 30, 2020. Likewise, classes have the opportunity to achieve the award for **Highest Percentage of Participation** in the fiscal year. This gives classes that have fewer members a chance to achieve recognition for their efforts. The Highest Percentage of Participation award is a competition for classes with at least ten active classmates.

# KISKI REUNION GIVING RECORDS

Classes ending in 1 and 6 will compete for the 2021 Reunion Giving Cup this year. Members of the Class of 1991 will look to defend their title after raising the cup in 2016. All Kiski Fund gifts directly and immediately support our current Kiski Boys. Each dollar is applied to the greatest need in the operating budget, therefore supporting every aspect of the unmatched Kiski experience for our newest Kiski Boys.

Milestone year (5-year increment) giving records have been kept since 1990. New records are marked in orange.

→ **DON'T FORGET!** The 2021 Reunion Giving competition between classes ending in **1 and 6 ends June 5, 2021.**

# REUNION GIVING COMPETITION

(Unrestricted Annual Gifts Only)

Milestone (five-year increment) alumni reunions create an opportunity to reconnect with classmates and your School as well as to build new ties within the Kiski Community. We encourage milestone reunion classes to make a special effort to give back to Kiski by making annual giving gifts (The Kiski Fund and EITC-SPE gifts) in their reunion year. The reunion class with the highest percentage of participation in giving from July 1 through Reunion Weekend is awarded the Reunion Giving Cup.

## REUNION GIVING WINNERS

July 1, 2019 until June 6, 2020 (Competition closed during Reunion Weekend)  
for Reunion Years Ending in 0 and 5

# GIFTS IN HONOR AND MEMORY

Gifts in honor and memory are made to commemorate, recognize, or celebrate. By designating a gift as such, your gift invites The Kiski Community to share in your memory and recognition of a special individual or group. These gifts speak to the depth of emotion and sense of connection between Kiski and the individuals that have included these meaningful dedications.

# GIFTS TO THE KISKI FUND BY PARENTS

We would like to thank our parents for supporting The Kiski Fund while funding the education of their Kiski Boys. These gifts are seen as a strong show of confidence in Kiski, and a measure of support that foundations consider when they review our grant requests. Over the past decade, over \$10 million has been contributed to Kiski by foundations and we are certain that parent participation in The Kiski Fund—on all levels—contributed positively to those decisions.

Volunteer members of The Kiski Fund Parent Committee dedicate their time to encouraging peer participation in The Kiski Fund. Thank you for your advocacy.

## Fiscal Year 2019-20 Kiski Fund Parent Committee Members:

*Dr. Mary Besterfield-Sacre, Mr. Steven Feinstein, Mrs. Wendy Feinstein, Mrs. Amber Leechalk, Mrs. Abby Legaspi, Prof. Michael Legaspi, Mrs. Cheryl Pettes, Mr. Neil Pettes '88, and Mr. Jeffrey Sacre.*

## WHY GIVE TO KISKI?

Perhaps you are an alumnus and would like to contribute to the education of our current class of Kiski Boys, just as alumni donated to The Kiski Fund when you were a current student. Or, maybe you are a current parent whose gift will support the faculty and programs that make Kiski so special to your family. Maybe you are a “Friend of Kiski” and simply believe in the good work we are doing with boys. Regardless of your motivation to give, your gift will be greatly appreciated by the boys that receive your support.

---

- **MYTH:** *I can't give a lot, so my gift doesn't matter.* **REALITY:** Gifts of all sizes speak to your belief in a Kiski education. Your healthy participation has helped us to secure large foundation grants because they see your giving as a vote of confidence in Kiski.
  - **MYTH:** *Kiski has raised millions of dollars in its capital campaign. They don't need my annual giving support too.* **REALITY:** If Kiski was your house, capital campaigns would cover non-annual expenses like putting on a new roof. The annual fund would cover recurring expenses like electric bills. Even if you need to replace the roof for the long term stability of the house, you still need to pay your electric bill.
  - **MYTH:** *The annual fund supports extras the Boys don't need.* **REALITY:** The annual fund is built into the budget each year and covers expenses that are central to Kiski's unparalleled experience.
- 

“Kiski was life-changing for me. I wanted to contribute to a new generation.”

**BRYANT MASON**, CLASS OF 1962,  
BOARD OF VISITORS MEMBER

“I give in hopes to help inspire the next generation to become strong, independent leaders wanting to make change.”

**ABRAHAM DUNCAN**, 2016 CLASS CAPTAIN

*You can make a difference today! By giving and getting involved this year, and every year, you make a difference in the lives of Kiski Boys. Your gift supports the programs and activities that define the Kiski experience.*

*For more information or if you have any questions about Kiski's fundraising programs and initiatives, please contact the Advancement Office at 724-639-8029 or [advancement@kiski.org](mailto:advancement@kiski.org).*
